

Colorado State Committee Meeting – April 23, 2026

Agenda Executive Session

Meeting Place: Virtual Meeting via Teams
[April 23 STC Meeting](#)

Meeting Time: 9:00 AM (All times are approximate)

Guests: John and Stepanie Ebright – For CRP appeal only (Item #3)
DeRon Gillen & Guest – For NAP Appeal only (Item 5b)
Dara Below (for Otero COC actions only – Item 6)

1. Call to Order

2. Approve Executive Session Minutes (Action Item)

Presented by: Jon Weishaar, Deputy State Executive Director

- a. January 6, 2026 Minutes
- b. February 10, 2026 Minutes
- c. March 24, 2026 Minutes

3. Conservation Reserve Program (CRP)

Presented by: Corey Pelton, Agricultural Program Chief

- a. Appeal – Bent – John and Stepanie Ebright (Action Item) (90 min) (Appeal 1 – Separate File)
 1. Appeal 1 time: 9:00 overview; 9:30 with producer
 2. Teams link: [Appeal 1 - April STC](#)

4. Loan Deficiency Payment (LDP)

Presented by: Corey Pelton, Agricultural Program Chief

- a. Appeal – Washington – 3R Lamb Feeding LLC; Connie Rule; Spence Rule; Sumner Rule (Action Item) (90 min) (Appeal 2 – Separate File)
 1. Appeal 2 time: 10:30 overview; 11:00 with producer
 2. Teams link: [Appeal 2 - April STC](#)

5. Noninsured Crop Disaster Assistance Program (NAP)

Presented by: Janae Rader, Agricultural Program Specialist

- a. Appeal – Otero – Joseph Proctor (Action Item) (90 min) (Appeal 3 – Separate File)
 1. Appeal 3 time: 12:30 overview; 1:00 with producer
 2. Teams link: [Appeal 3 - April STC](#)

- b. Appeal – LaPlata – River Edge Dairy and Farm, LLC (Action Item) (90 min) (Appeal 4 – Separate File)
 - 1. Appeal 4 time: 2:00 overview; 2:30 with producer
 - 2. Teams link: [Appeal 4 - April STC](#)
 - 3. Call Appellant (DeRon Gillen) to join via Teleconference – (970) 769-4304

- 6. Otero COC Actions needed (Separate File – Otero COC Supporting Documentation)

Presented by: Dara Below, Otero/Crowley County Executive Director

 - a. Administrative
 - 1) Approval of Minutes from 2/11/26 (Action Item) (Page 15)
 - b. Farmers Bridge Assistance Program (FBA) (Page 41)
 - 1) No action. Review only
 - 2) 2 - FBA Applications to be acted on (2 to act on) (Action Item) (5 min)
 - c. Non-Insured Crop Disaster Program (NAP)
 - 1) Application for Coverage (Action Item) (5 min) (Page 54)
 - a) 2026 Coverage- Late File-within 30 days of deadline
 - 2) Extension Request for Application for Payments (Action Item) (10 min) (Page 61)
 - 3) Applications for Payments/Harvest Transport Market (Action Item) (20 min)
 - a) 2025 Applications for payment - Planted Approved NOLs - Application for Payment exceeds 60 days (150 to act on) (Page 92)
 - b) 2025 Applications for payment - Planted Approved NOLs (2 to act on) (Page 402)
 - c) 2025 Applications - Planted Disapproved NOLs - Application for payment exceeds 60 days (2 to act on) (Page 432)
 - d) 2025 Applications- Prevent Plant NAP- Disapproved NOL by STC 2/11/26 (24 to act on) (Page 443)
 - e) 2025 Applications for Payment- Prevent Plant NAP-Disapproved NOL by STC 2/11/26-Application for Payments previously approved by COC (4 act on) (Pg 516)

- 7. Noninsured Crop Disaster Assistance Program (NAP) (Action Items) (30 min)

Presented by: Janae Rader, Farm Program Specialist

 - a. 2026 NCT Colorado
 - 1) Beans (Page 4)
 - 2) Brussel Sprouts (Page 42)
 - 3) Canary Melon (Page 49)
 - 4) Celery (Page 59)
 - 5) Hemp (Page 68)
 - 6) Korean Golden Melon (Page 75)
 - 7) Leeks (Page 85)
 - 8) Peas (Page 92)
 - 9) Potatoes Sweet (Page 135)
 - 10) Radish (Page 144)
 - 11) Sugar Beets (Page 154)
 - 12) Tomatillos (Page 163)

- 8. Supplemental Disaster Relief Program (SDRP) (Action Items) (5 min)

Presented by: Janae Rader, Farm Program Specialist

 - a. 2023 and 2024 Ad Hoc NCT Delta Nectarines Fh Ir (Page 170)
 - b. 2023 and 2024 Ad Hoc NCT Delta Sweet Corn Fh Ir (Page 180)

9. Supplemental Disaster Relief Program (SDRP) (Action Items) (5 min)

Presented by: Julie Sporhase, Farm Program Specialist

- a. SDRP Application Approval/Disapproval for District Director (Page 200)

10. Marketing Assistance Program (MASC) (Action Items) (10 min)

Presented by: Julie Sporhase, Farm Program Specialist

- a. 7-CP Misaction Request-Rio Grande-Crossroads Farms LLC (Page 222)

11. Conservation Reserve Program (CRP) (Separate File) - April - CRP & EFRP Cost Share Rates

Presented by: Hunter A. Cleveland, Farm Program Specialist

- a. Establishing FY26 CRP Cost Share Rates (Action Items) (45 min)

12. Emergency Forest Restoration Program (EFRP)

Presented by: Hunter A. Cleveland, Farm Program Specialist

- a. Establishing FY26 EFRP Cost Share Rates (Action Items) (45 min) (Separate File) - April - CRP & EFRP Cost Share Rates
- b. Establishing additional FY25 EFRP Cost Share Rate-Cover Crop (Action Items) (10 min) (Page 263)

13. Noninsured Crop Disaster Assistance Program (NAP)

- a. Grazing period & Carrying capacity Discussion (10 min)

14. Adjourn Executive Session (Action Item)

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Beans

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Beans (Crop Code 0047).

STC Recommended Action: Accept the 2026 NCT data for Beans as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Beans are covered by (FCIC/RMA) insurance at a 50/55 level in Colorado for the following counties with the intended use dry edible (De): Adams, Boulder, Cheyenne, Crowley, Delta, Dolores, El Paso, Kit Carson, La Plata, Larimer, Lincoln, Logan, Mesa, Montezuma, Montrose, Morgan, Otero, Phillips, Pueblo, San Miguel, Sedgwick, Washington, Weld, Yuma and is not an eligible NAP crop with the intended use of De. All other counties and intended uses are eligible for NAP

There are 12 types of Beans in Colorado:

- ANA-Anasazi
- BTU-Black Turtle
- FAV-Fava
- GAR-Garbanzo/Large Kabuli (Chickpeas) – RMA carries under Peas
- GRN-Green
- GTN-Great Northern
- LGL-Large Lima
- PNT-Pinto
- SMR-Small Red
- TIG-Tiger Eye Kidney
- WAX-Snap Wax
- YEY-Yellow Eye

Beans have an established NCT record in the following contiguous states: Kansas, Nebraska, New Mexico, Oklahoma, Utah and Wyoming. No other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Beans as March 15th the year of harvest.

Application closing date by intended use:

County (Application Closing Date)	De	Fh	Sd
Colorado	03/15	03/15	03/15
Kansas	03/15	03/15	-
Nebraska	03/15	03/15	-
New Mexico	03/15	03/15	-
Oklahoma	-	03/15	-
Utah	-	03/15	-
Wyoming	04/01	-	04/01
RMA	03/15	-	-

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors by IU:

State (PP/UH Factor)	PP All types De	UH All types De	PP All types Fh	UH All types Fh	PP All types Sd	UH All types Sd
Colorado	0.63	0.80	0.63	0.80	0.63	0.80
Kansas	0.55	0.84	0.25	0.60	-	-
Nebraska	0.55	0.94	0.22	0.49	-	-
New Mexico	0.36	0.81	0.19	0.60	-	-
Oklahoma	-	-	0.20	0.60	-	-
Utah	-	-	0.25	0.45	-	-
Wyoming	0.60	0.95	-	-	0.55	0.83

Organic price and yield is being requested for ANA, BTU, GAR with the intended use of De and GRN with the intended use of Fh. FSA may establish an organic average market price for a crop within a State to reflect the different price an organic crop receives. Organic average market prices may be based on RMA price if available, up to 145 percent of AMP without DAFP approval using other acceptable sources of organic price data. When establishing an organic price, a yield adjustment organic factor must also be established for the crop. (1-NAP (Rev. 2) subparagraph 278F and 276G)

Organic Factors by intended use:

State (Org/Tran Factor)	Org De	Tran De	% of AMP De	Org Fh	Tran Fh	% of AMP Fh
Colorado	0.65	0.65	139	0.75	0.75	145
Kansas	-	-	-	-	-	-

State (Org/Tran Factor)	Org De	Tran De	% of AMP De	Org Fh	Tran Fh	% of AMP Fh
Nebraska	0.65- 0.75	-	135- 200	0.75	-	145
New Mexico	-	-	-	-	-	-
Oklahoma	-	-	-	-	-	-
Utah	-	-	-	-	-	-
Wyoming	0.525	0.525	233	-	-	-

Org=Organic, Tran=Transitional, AMP=Average Market Price

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Beans in Colorado have an established final plant date between June 20th and July 15th. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date by type and intended use:

State	County	ANA De	BTU De	GAR De	GTN De	SMR De	PNT Sd
Colorado	Adams	-	-	-	-	-	-
Colorado	Crowley	06/20	06/20	-	06/20	-	-

Wyoming	Multiple	-	-	-	-	-	-

A normal harvest date is set at the county level. All counties with an approved NCT record for Beans in Colorado have an established harvest date between October 15 and October 31. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date by type and intended use:

State	County	ANA De	BTU De	GAR De	GTN De	SMR De	PNT Sd
Colorado	Adams	-	-	-	-	-	-

Wyoming	Multiple	-	-	-	-	-	-

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with

previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

Comments:

RMA carries Garbanzo Beans under Dry Peas

Beans Gar Garbanzo and Chickpeas are the same thing

The closest to Colorado that RMA offers coverage is Laramie County, WY. The crop code is still 0067 and the type codes are 090 for large Kabuli, 092 for desi, and 091 for small Kabuli. We are

25 Price - RMA WY Dry Bean Lg Kabula Chickpea 0.23

23 Yield - No Yield reported for any type of DE bean with an irrigated practice in 2023. Only DE yield for 23 in CO was Sedgwick with an UH 0 yield. NASS showed a a 0.6 % change. All Ir De types used the same yield as the previous year based on NASS no change. Although Yuma is in similar growing conditions as Sedgwick and the Ir is aprox double the Ni yield - However, ground certified as irrigated is expected to have full yield potential. No comparable data available for this crop / county. Using same yield as prior year based on NASS

Comments:

RMA carries Garbanzo Beans under Dry Peas

Beans Gar Garbanzo and Chickpeas are the same thing

25 Price - RMA WY Dry Bean Lg Kabula Chickpea 0.23. 26 Organic is 139% of Conventional (match RMA WY Conv 0.23 Org 0.32 = 139%)

23 Yield - Only actual yield available in CO for 23 is Sedgwick UH or 0 production. Used 2 lbs/ac on the NCT for Sedgwick. Kit Carson used 2 as that is the only historical yield (22-1.55) 2015-2023. All other Counties used a 50% decrease, similar Ni weather conditions. Exceptions Kit Carson used historical avg of 2

1320.5

Combined all fresh types except green (green uom is cwt) into 1 type. Limited production, same price, easier to see patterns. Same NASS data used for all, uninsurable by RMA

23 Yield - No actual yield available for 23 - If GRN yield is available for a county used the % change from prior year. Considered using actual yield (Otero GRN 1.43 used for FAV, WAX and YEY , Pueblo GRN-51.99 used for FAV and YEY, Weld GRN-10.76 used for TIG, WAX and YEY) however the historical yields are completely different. However the growing conditions and % of production for each type would be similar. Otero decrease 97% (22-43.71, 23-1.43) Pueblo increase of 1% (22-51.57, 23-51.99) Weld a decrease of 67% (22-32.29, 23-10.76)

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Brussel Sprouts

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Brussel Sprouts (Crop Code 0116).

STC Recommended Action: Accept the 2026 NCT data for Brussel Sprouts as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Brussel Sprouts are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

Brussel Sprouts have an established NCT record in the following contiguous states: Nebraska, no other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Brussel Sprouts as March 15th of the year prior to harvest.

County	Application Closing Date (all types)
Colorado	03/15
Nebraska	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Fh	UH Fh
Colorado	0.19	0.47
Nebraska	0.19	0.47

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Brussel Sprouts in Colorado have an established final plant date of May 15. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State	County	Fh
Colorado	Weld	05/15
Nebraska	Multiple	07/21

A normal harvest date is set at the county level. All counties with an approved NCT record for Brussel Sprouts in Colorado have an established harvest date of October 31st. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date:

State	County	Fh
Colorado	Weld	10/31
Nebraska	Multiple	09/30

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

County	Type	IU	Ir/ Ni	UOM	CEY	Price	Organic Yield	Transitional Yield	Organic Price
Weld		FH	I	CWT	104.58	34.25

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Canary Melon

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Canary Melon (Crop Code 9998).

STC Recommended Action: accept 2026 NCT data for Canary Melon as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Canary Melons are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

Canary Melons do not have an established NCT record in any contiguous state.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Canary Melon as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Fh	UH Fh
Colorado	0.45	0.66

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Canary Melon in Colorado have an established final plant date of June 7th. The final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State (Final Plant)	County	Fh
Colorado	Weld	06/07

A normal harvest date is set at the county level. All counties with an approved NCT record for Canary Melon in Colorado have an established harvest date of October 15th. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date:

State (Normal Harvest)	County	Fh
Colorado	Weld	10/15

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Celery

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Celery (Crop Code 0126).

STC Recommended Action: accept 2026 NCT data for Celery as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Celery is not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

Celery does not have an established NCT record in any contiguous state.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Celery as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Fh	UH Fh
Colorado	0.28	0.52

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Celery in Colorado have an established final plant date of June 15th. The final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State (Final Plant)	County	Fh
Colorado	Weld	06/15

A normal harvest date is set at the county level. All counties with an approved NCT record for Celery in Colorado have an established harvest date of October 31st. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date:

State (Normal Harvest)	County	Fh
Colorado	Weld	10/31

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

County	Type	IU	Ir/ Ni	UOM	CEY	Price	Organic Yield	Transitional Yield	Organic Price
Weld		FH	I	CWT	187.12	25.59			

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

See Exhibit for detailed information.

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Hemp

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.25

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Mixed Forage (Crop Code 1218).

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop year for which data is available.

Hemp is covered by (FCIC/RMA) insurance at a 50/55 level in Colorado, however it is only a Pilot Program and is still an eligible NAP crop. Notice NAP 211, 217, 231 and 238 advised STO that due to limited crop data the price and yield would be the current RMA price and established yield, in counties where a pilot crop insurance policy was available. Notice NAP 244 stated beginning with the 2026 NCT year the responsibility to load the Hemp data was given to the State Offices. 2B states that the AMP for each intended use will be the same as RMA and 2C states that the yields may be determined using RMA established yield, in counties where a pilot crop insurance policy is available.

Hemp does not have multiple types, however there are multiple intended uses.

Cb – Cannabidiol CBD Oil

Fb – Fiber

Gr – Grain

Sd – Seed

Hemp has an established NCT record in all contiguous states: Arizona, Kansas, Nebraska, New Mexico, Oklahoma, Utah and Wyoming.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and is previously set for States and RMA as March 15th the year of harvest.

County	Application Closing Date
Colorado	03/15
Arizona	03/15
Kansas	03/15
Nebraska	03/15
New Mexico	03/15
Oklahoma	03/15
Utah	03/15

County	Application Closing Date
Wyoming	03/15
RMA	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. A prevented planting payment factor of zero will be set if the crop does not have a defined planting period and final planting date. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because harvesting and/or planting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors by intended use:

State (PP/UH Factor)	PP Cb	UH Cb	PP Fb	UH Fb	PP Gr	UH Gr	PP Sd	UH Sd
Colorado	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89
Arizona	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89
Kansas	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89
Nebraska	0.14	0.76	0.38	0.83	0.41	0.89	-	-
New Mexico	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89
Oklahoma	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89
Utah	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89
Wyoming	0.14	0.76	0.38	0.83	0.41	0.89	0.41	0.89

Organic price and yield is being requested for all HYB with the intended use of Fh. FSA may establish an organic average market price for a crop within a State to reflect the different price an organic crop receives. Organic average market prices may be based on RMA price if available, up to 145 percent of AMP without DAFP approval using other acceptable sources of organic price data. When establishing an organic price, a yield adjustment organic factor must also be established for the crop. (1-NAP (Rev. 2) subparagraph 278F and 276G)

Organic Factors by intended use:

State (Org/Tran Factor)	Org Cb	Tran Cb	% of AMP Cb	Org Fb	Tran Fb	% of AMP Fb	Org Gr	Tran Gr	% of AMP Gr
Colorado	0.43	0.43	100	0.471	0.471	100	0.479	0.479	144
Arizona	-	-	-	-	-	-	-	-	-
Kansas	-	-	-	-	-	-	-	-	-
Nebraska	0.75	-	100	0.75	0.75	-	0.75	0.75	192
New Mexico	0.694	0.694	100	0.694	0.694	100	0.694	0.694	192
Oklahoma	0.651	0.651	105	0.651	0.651	100	0.651	0.651	192
Utah	-	-	-	-	-	-	-	-	-
Wyoming	0.75	0.75	100	0.75	0.75	100	0.75	0.75	192

Org=Organic, Tran=Transitional, AMP=Average Market Price

Direct market price is not being requested.

The final plant date is set at the county level. Final plant date will affect coverage as planting after that date decreases coverage. The final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State (Final Plant Date)	County	Cb	Fb	Gr	Sd
Colorado	Adams	06/15	06/15	06/15	06/15
Colorado	Alamosa	06/15	06/15	06/15	06/15
Colorado	Arapahoe	06/15	06/15	06/15	06/15
Colorado	Conejos	06/15	-	06/15	06/15

Colorado	Otero	06/15	06/15	06/15	06/15
Colorado	Prowers	06/15	06/15	06/15	06/15
Colorado	Pueblo	06/15	06/15	06/15	06/15
RMA	Multiple	06/15	06/15	06/15	06/15

A normal harvest date is set at the county level. All counties with an approved NCT record for Hemp in Colorado have an established harvest date of October 31, the same as RMA. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date -

State (Normal Harvest Date)	County	Cb	Fb	Gr	Sd
Colorado	Adams	10/31	10/31	10/31	10/31
Colorado	Alamosa	10/31	10/31	10/31	10/31

Colorado	Montrose	10/31	10/31	10/31	10/31
Colorado	Otero	10/31	10/31	10/31	10/31

State (Normal Harvest Date)	County	Cb	Fb	Gr	Sd
Colorado	Prowers	10/31	10/31	10/31	10/31
Colorado	Pueblo	10/31	10/31	10/31	10/31
RMA	Multiple	10/31	10/31	10/31	10/31

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations. Hemp yield will be the RMA yield set for the pilot program.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

Action Requested: The STC shall review and act on the 2026 NCT data for Hemp.

Discussion:

Hemp is covered under a Pilot RMA program and the price and yield will be updated to the RMA price and yield when available.

RMA yields are not available for some of the counties with a Ni practice. The recommended assigned yield is the lesser of average % of Ir yield (simple average of the counties with both Ir and Ni RMA yields (Adams and Arapahoe) or The Arapahoe yield. The lesser yield was used as an assumption was made that if RMA expected a yield equal to or above the ones insured, they would be insured.

Percent of Ir yield used:

Cb - 49.5%

Fb – 37%

Gr – 47%

Sd – 47%

STC Recommended Action: Accept the 2026 NCT data as presented by STO.

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Korean Golden Melon

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Korean Golden Melon (Crop Code 9993).

STC Recommended Action: accept 2026 NCT data for Korean Golden Melon as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Korean Golden Melons are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

Korean Golden Melons do not have an established NCT record in any contiguous state.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Korean Golden Melon as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Fh	UH Fh
Colorado	0.45	0.66

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Korean Golden Melon in Colorado have an established final plant date of June 15th. The final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date by type and intended use:

State (Final Plant)	County	Fh
Colorado	Pueblo	06/15

A normal harvest date is set at the county level. All counties with an approved NCT record for Korean Golden Melon in Colorado have an established harvest date of October 15th. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date:

State (Normal Harvest)	County	Fh
Colorado	Pueblo	10/15

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

County	Type	IU	Ir/ Ni	UOM	CEY	Price	Organic Yield	Transitional Yield	Organic Price
Pueblo		FH	I	CWT	84.71	26.77			

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Leeks

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Leeks (Crop Code 0377).

STC Recommended Action: accept 2026 NCT data for Leeks as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Leeks are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

Leeks have an established NCT record in the following contiguous state: New Mexico. No other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Leeks as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15
New Mexico	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Fh	UH Fh
Colorado	0.20	0.30
New Mexico	0.20	0.30

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Leeks in Colorado have an established final plant date of June 1st. The final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State (Final Plant)	County	Fh
Colorado	Weld	06/01
New Mexico	Valencia	06/01

A normal harvest date is set at the county level. All counties with an approved NCT record for Leeks in Colorado have an established harvest date of October 31st. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date:

State (Normal Harvest)	County	Fh
Colorado	Weld	10/31
New Mexico	Valencia	10/31

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Peas

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Peas (Crop Code 0067).

STC Recommended Action: Accept the 2026 NCT data for Peas as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Peas are covered by (FCIC/RMA) insurance at a 50/55 level in Colorado for the following counties with the intended use dry edible (De): Phillips, Sedgwick and is not an eligible NAP crop with the intended use of De in those counties. All other counties and intended uses are eligible for NAP

There are 7 types of Peas in Colorado:

- AUS-Austrian
- BLE-Black Eye
- ENG-English/Garden
- SNA-Snap
- SNO-Snow
- SUG-Sugar
- YEL-Yellow Variety

Peas have an established NCT record in the following contiguous states: Kansas, Nebraska, New Mexico, Oklahoma, and Wyoming. No other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Peas as March 15th the year of harvest.

Application closing date by intended use:

County (Application Closing Date)	De	Fh
Colorado	03/15	03/15
Kansas	03/15	-
Nebraska	03/15	-
New Mexico	03/15	-

County (Application Closing Date)	De	Fh
Oklahoma	-	03/15
Wyoming	04/01	-
RMA	03/15	-

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors by type and intended use:

State (PP/UH Factor)	PP AUS De	UH AUS De	PP BLE De	UH BLE De	PP YEL De	UH YEL De
Colorado	0.56	0.94	0.56	0.94	0.33	0.55
Kansas	-	-	-	-	0.35	0.70
Nebraska	-	-	0.56	0.94	0.56	0.94
New Mexico	-	-	0.30	0.45	-	-
Oklahoma	-	-	-	-	-	-
Wyoming	-	-	0.60	0.94	0.56	0.94

Factors by type and intended use (continued):

State (PP/UH Factor)	PP BLE Fh	UH BLE Fh	PP ENG Fh	UH ENG Fh	PP SNA Fh	UH SNA Fh	PP SNO Fh	UH SNO Fh	PP SUG Fh	UH SUG Fh
Colorado	0.33	0.55	0.11	0.69	0.30	0.69	0.33	0.55	0.56	0.94
Kansas	-	-	-	-	-	-	-	-	-	-
Nebraska	0.56	0.94	-	-	-	-	-	-	-	-
New Mexico	0.30	0.45	-	-	-	-	-	-	-	-
Oklahoma	0.35	0.70	0.35	0.70	0.35	0.70	-	-	-	-
Wyoming	0.60	0.94	-	-	-	-	-	-	-	-

Organic price and yield is being requested for ENG Fh and YEL De. FSA may establish an organic average market price for a crop within a State to reflect the different price an organic crop receives. Organic average market prices may be based on RMA price if available, up to 145 percent of AMP without DAFP approval using other acceptable sources of organic price data. When establishing an organic price, a yield adjustment organic factor must also be established for the crop. (1-NAP (Rev. 2) subparagraph 278F and 276G)

Organic factors by type and intended use:

State (Org/Tran Factor)	Org YEL De	Tran YEL De	% of AMP YEL-De	Org ENG Fh	Tran ENG Fh	% of AMP ENG-Fh
Colorado	0.65	0.65	144	0.70	0.70	144
Kansas	0.65	0.65	145	-	-	-
Nebraska	0.65	-	191	-	-	-
New Mexico	-	-	-	-	-	-
Oklahoma	-	-	-	-	-	-
Wyoming	-	-	-	-	-	-

Org=Organic, Tran=Transitional, AMP=Average Market Price

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Peas in Colorado have an established final plant date between March 25 and July 15. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date by type and intended use:

A normal harvest date is set at the county level. All counties with an approved NCT record for Peas in Colorado have an established harvest date between September 30 and October 31. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the

crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date by type and intended use:

State	County	AUS De	BLE De	YEL De	BLE Fh	ENG Fh	SNA Fh	SNO Fh	SUG Fh

Oklahoma	Multiple	-	-	-	-	06/15	06/15	-	-
Wyoming	Multiple	-	09/30	09/30	-	-	-	-	-

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

See Exhibit for detailed information.

Discussion:

23 Recommended Price for fresh (Fh) peas is considerably higher than historical price and contiguous states price.

Colorado historical prices range from 0.12 to 0.17, the recommended price is 0.887/lb.

2015	2016	2017	2018	2019	2020	2021	2022
0.160	0.129	0.124	0.128	0.145	0.129	0.131	0.178

Limited NASS data – No Colorado or contiguous state data available, used all United States

Green Pea Fh – 22-2.97, 23-3.18, 24-2.18

Snap Bean Fh – 22-0.933, 23-0.887, 24-0.982

Other States NCT: Only contiguous state with NCT record for Fh pea was Oklahoma.

State		2017	2018	2019	2020	2021	2022	2023
Oklahoma		0.321	0.2895	0.2895	0.1620	0.1600	0.1520	0.1360
Alabama	BLE			0.9333	0.8566	0.8566	0.8566	0.8566

North Carolina	BLE			1.38	1.38	0.178	0.197	1.18
Texas	BLE			0.230	0.257	0.264	0.303	0.359

AMS Los Angeles Terminal – Colorado Direct Market pricing

	2023	2024	2025
Snow	3.20-3.40	4.20-4.50	2.80
Snap	2.70-3.00	2.80-3.00	2.40

Converted to wholesale in field price

Direct Market Price approx.. 130% of retail (DMP/1.30=retail)

Retail is approx. 50% higher than wholesale (retail*.5=wholesale price)

In field price without transportation/processing approx 25% less wholesale (Wholesale price *.75= in field price)

$3.20/1.30=2.46$

$2.46*.5=1.23$

$1.23*.75=0.9225$

Is NASS National Snap bean price representative of Colorado wholesale price for fresh peas?

Is extreme price difference from Oklahoma warranted?

Should historical prices be updated as well (CEY is 5 year Olympic average, low and high price thrown out)

------	------	------	------	------	------	------	------	------	------	------	------	------	-----

23 price - 0.887/lb - NASS Snap bean Fh. - NASS Grean Pea 3.18/lb is unreasonably high for wholesale and compared to historical prices ranging from .12 to .17. Historical prices are in line with OK, however they seem low in comparison to NASS both Grean Pea and Snap Bean Fh. Many producers in SE CO sell their peas at a farm market and have stated they use the CA terminal FAV pricing. This pricing would represent a direct market price rather than an in field wholesale price. AMS Los Angeles terminal market prices range from 3.2-3.4 per pound for snow peas and 2.7-3.0 for sugar snap peas. To adjust to an in field price a calculation and assumptions were used. Assuming 130% markup for Direct Market price, a 50% markup from wholesale to a retail price and aprox 25% cost to transports/package. The following formula is used to convert the Direct Market price to an in field wholesale price. (Direct Market Price (DMP)/1.30= retail, retail*.5=wholesale, wholesale x .75 (25% cost for transportation/packaging) 3.2/1.3=2.46, 2.46*.5=1.23, 1.23*.75=0.922. This price is very similar to NASS NTL price for Snap bean. NASS price will be used for all types in CO.

23 Yield - Used actual yield if available (Otero-4239). Crowley used simple avg of Otero Yield (4239) and Crowley historical average (15-0 UH)-2120

23 price - 0.887/lb - NASS Snap bean Fh. - NASS Grean Pea 3.18/lb is unreasonably high for wholesale and compared to historical prices ranging from .12 to .17. Historical prices are in line with OK, however they seem low in comparison to NASS both Grean Pea and Snap Bean Fh. Many producers in SE CO sell their peas at a farm market and have stated they use the CA terminal FAV pricing. This pricing would represent a direct market price rather than an in field wholesale price. AMS Los Angeles terminal market prices range from 3.2-3.4 per pound for snow peas and 2.7-3.0 for sugar snap peas. To adjust to an in field price a calculation and assumptions were used. Assuming 130% markup for Direct Market price, a 50% markup from wholesale to a retail price and aprox 25% cost to transports/package. The following formula is used to convert the Direct Market price to an in field wholesale price. (Direct Market Price (DMP)/1.30= retail, retail*.5=wholesale, wholesale x .75 (25% cost for transportation/packaging) 3.2/1.3=2.46, 2.46*.5=1.23, 1.23*.75=0.922. This price is very similar to NASS NTL price for Snap bean. NASS price will be used for all types in CO.

23 Yield - No actual yield available used different type actual yield if available (Weld SNA-1525). No historical production for Crowley, used same yield as BLE/SNA 2120. Fremont No historical yield available for any type. Used same yield as Crowley 2120 - similar to prior year NCT of 2128.

			Yellow Variety	YEL	DE, FG, GM, GZ, SD,	
Note: Peas raised for the fresh market, canning, or freezing shall be reported as English/Garden (ENG) if the pea is grown and harvested for the round pea to be removed from the pod, or Snap (SNA), Snow (SNO), or Sugar (SUG) if the pea is grown for the edible pea pod. Green (GRN) type pea is a dry pea which is exempt from FAV along with Austrian, Umatilla, Wrinkled Seed, and Yellow Variety peatypes.						

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Potatoes, Sweet

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Sweet Potatoes (Crop Code 0156).

STC Recommended Action: Accept the 2026 NCT data for Sweet Potatoes as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Sweet Potatoes are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

There is 1 type of Sweet Potatoes in Colorado:

- BEA-Beauregard

Sweet Potatoes have an established NCT record in the following contiguous states: Kansas, Nebraska and Oklahoma. No other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Sweet Potatoes as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15
Kansas	03/15
Nebraska	03/15
Oklahoma	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors by type:

State (PP/UH Factor)	PP BEA Fh	UH BEA Fh
Colorado	0.12	0.47
Kansas	0.25	0.65
Nebraska	0.22	0.70
Oklahoma	0.25	0.60

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Sweet Potatoes in Colorado have an established final plant date of June 1st. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date by type and intended use:

State	County	BEA Fh
Colorado	Weld	06/01
Kansas	Multiple	06/25
Nebraska	Multiple	06/27
Oklahoma	Multiple	06/10

A normal harvest date is set at the county level. All counties with an approved NCT record for Sweet Potatoes in Colorado have an established harvest date of October 31. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date by type and intended use:

State	County	BEA Fh
Colorado	Weld	10/31
Kansas	Multiple	10/25
Nebraska	Multiple	10/10
Oklahoma	Multiple	10/10

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

County	Type	IU	Ir/Ni	UOM	CEY	Price	Organic Yield	Transitional Yield	Organic Price
Weld	BEA	FH	I	CWT	136.03	22.80			

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

See Exhibit for detailed information.

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Radish

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Radishes (Crop Code 0148).

STC Recommended Action: Accept the 2026 NCT data for Radishes as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Radishes are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

There are 2 types of Radishes in Colorado:

- HYB–Hybrid
- KOR-Korean

Radishes have an established NCT record in the following contiguous states: Kansas. No other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Radishes as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15
Kansas	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors by type and intended use:

State (PP/UH Factor)	PP HYB Fh	UH HYB Fh	PP KOR Fh	UH KOR Fh
Colorado	0.15	0.35	0.15	0.35
Kansas	0.15	0.35	-	-

Organic price and yield is being requested for HYB. FSA may establish an organic average market price for a crop within a State to reflect the different price an organic crop receives. Organic average market prices may be based on RMA price if available, up to 145 percent of AMP without DAFP approval using other acceptable sources of organic price data. When establishing an organic price, a yield adjustment organic factor must also be established for the crop. (1-NAP (Rev. 2) subparagraph 278F and 276G)

Organic Factors by type:

State (Org/Tran Factor)	Org HYB Fh	Tran HYB Fh	% of AMP
Colorado	0.65	0.65	144
Kansas	-	-	-

Org=Organic, Tran=Transitional, AMP=Average Market Price

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Radishes in Colorado have an established final plant date of July 14th-15th. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date by type and intended use:

Colorado	Weld	08/15	-
Kansas	Multiple	04/15	-

A normal harvest date is set at the county level. All counties with an approved NCT record for Radishes in Colorado have an established harvest date of October 15th. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date by type and intended use:

State	County	HYB Fh	KOR Fh
Colorado	Adams	11/15	-
Colorado	Crowley	11/15	-
Colorado	Fremont	11/15	-
Colorado	Pueblo	11/15	11/15
Colorado	Weld	11/15	-
Kansas	Multiple	05/15	-

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

Executive Session

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Sugar Beets

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Sugar Beets (Crop Code 0039).

STC Recommended Action: Accept the 2026 NCT data for Sugar Beets as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Sugar Beets are covered by (FCIC/RMA) insurance at a 50/55 level in Colorado with the intended use of processing (Pr) and are not eligible for NAP for the following counties: Adams, Boulder, Larimer, Logan, Morgan, Phillips, Sedgwick, Washington, Weld, and Yuma. Sugar Beets may be considered an eligible NAP crop in all other counties.

Sugar Beets do not have an established NCT record in any contiguous state.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Sugar Beets as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15
RMA	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Pr	UH Pr
Colorado	0.45	0.89

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Sugar Beets in Colorado have an established final plant date of June 15. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State	County	Pr
Colorado	Yuma	06/15

A normal harvest date is set at the county level. All counties with an approved NCT record for Sugar Beets in Colorado have an established harvest date of November 15. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date by type and intended use:

State	County	Pr
Colorado	Yuma	11/15

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

County	Type	IU	Ir/Ni	UOM	CEY	Price	Organic Yield	Transitional Yield	Organic Price
Yuma ¹		Pr	I	LBS	10868	0.171			

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

1/Sugar Beets are covered in Yuma county. Only crops administered out of Yuma but physically located in an eligible NAP county are covered, Kit Carson.

See Exhibit for detailed information.

Noninsured Crop Disaster Assistance Program (NAP)

2026 NCT Review of Factors, Dates and Yields

Tomatillos

State Committee Discussion Record

Program: Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2026 NCT record review and approval on Tomatillos (Crop Code 7158).

STC Recommended Action: Accept the 2026 NCT data for Tomatillos as presented by STO.

Background: State Committee (STC) is to review the data used to determine the County Expected Yield (CEY) and Average Market Price (AMP). The CEY and AMP is determined using an Olympic Average of 5 most recent, consecutive crop years for which data is available.

Tomatillos are not covered by (FCIC/RMA) insurance at a 50/55 level in Colorado and is an eligible NAP crop.

Tomatillos have an established NCT record in the following contiguous state: Nebraska. No other contiguous state has an approved NCT record.

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level and was previously set for Tomatillos as March 15th the year of harvest.

County	Application Closing Date (all types)
Colorado	03/15
Nebraska	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors:

State (PP/UH Factor)	PP Fh	UH Fh
Colorado	0.13	0.47
Nebraska	0.13	0.47

Organic price and yield is not being requested.

Direct market price is not being requested.

A final plant date is set at the county level. All counties with an approved NCT record for Tomatillos in Colorado have an established final plant date of June 1st. Final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date:

State	County	Fh
Colorado	Fremont	06/01
Nebraska	Multiple	06/15

A normal harvest date is set at the county level. All counties with an approved NCT record for Tomatillos in Colorado have an established harvest date of October 15th. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date:

State	County	Fh
Colorado	Fremont	10/15
Nebraska	Multiple	10/01

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2026 STO recommended yield and price.

County	Type	IU	Ir/ Ni	UOM	CEY	Price	Organic Yield	Transition al Yield	Organic Price

Supplemental Disaster Relief Program (SDRP)

2024 Ad Hoc NCT Delta

Nectarines Fh Ir

State Committee Discussion Record

Program: Supplemental Disaster Relief Program (SDRP)
Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2023 and 2024 NCT ad hoc record for Delta County on Nectarines (Crop Code 0041).

STC Recommended Action: Accept the 2023 and 2024 ad hoc NCT data for Nectarines as recommended by STO.

Background: SDRP Stage 2 allows producers to apply for uninsured crops and crops that were covered under whole farm revenue, dollar revenue and other revenue plans. Nectarines in Delta for 2023 and 2024 is eligible under a whole farm revenue plan with RMA.

1-SDRP Par 104 NCT Crop Data states that ad hoc approval flags may be set and the following NCT data established for any NAP crop not previously approved in the NCT:

- unharvested payment factor
- prevented planted factors
- county expected yields (including historical yields) as applicable
- average market price (including historical yields)

The requirement to establish a new crop record on the NCT 120 days before the NAP application closing date is waived for SDRP purposes.

Nectarines are not covered by FCIC/RMA in Colorado, however; peaches are. Nectarines are closely related to peaches. They are the same species, but a different variety. They have similar growth and production patterns.

- Family: Rosaceae
 - Genus: Prunus
 - Species: persica

Nectarines have a smooth skin, while peaches have a fuzzy skin.

Peaches are covered by (FCIC/RMA) insurance at a 50/55 level in Delta. RMA/FCIC recommended using the RMA Peach data.

The Acreage reporting date for Peaches is set at the State level. The acreage reporting deadline is January 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date for Peaches is set at the State level and was previously set for Peaches as November 20th of the year prior to harvest.

State	ACD All Types
Colorado	11/20
Kansas	11/01
New Mexico	11/20
Utah	12/01
RMA	11/20

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. PP factor is 0 as this is a perennial crop, a prevented planting payment factor of zero will be set if the crop does not have a defined planting period and final planting date. The UH factor is 0.75. The UH factor should be used to reflect the percentage of total production cost not incurred because harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

State	PP Factor CLI Fh	UH Factor CLI Fh	PP Factor FRE Fh	UH Factor FRE Fh
Colorado	0.00	0.75	0.00	0.75
Kansas	-	-	0.00	0.65
New Mexico	0.00	0.50	0.00	1.0
Utah	-	-	0.00	0.50

Organic price is not being requested, since organic is not applicable no factors will be set.

Direct market price is not being requested.

A final plant date is not set as this is a perennial crop. Perennial crops are not covered under NAP until they are established.

A normal harvest date is set at the county level. All counties with an approved NCT record for Peaches in Colorado have an established harvest date of September 30th. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

State	County	Normal Harvest Date CLI Fh	Normal Harvest Date FRE Fh
Colorado	Fremont	09/30	09/30
Colorado	Pueblo	-	09/30
Kansas	Multiple	-	09/01
New Mexico	Multiple	08/25-09/30	09/30
Utah	Multiple	-	12/01
RMA	Multiple	09/30	09/30

The CEY should reflect the average production potential for a crop by county, by practice and intended use.

The average market price (AMP) for Peaches was previously set at \$46.85 per bushel. The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc.

2026 STO recommended ad hoc nct data for Nectarines

County	Crop Type	IU	Ir/ Ni	UOM	PP Factor	Uh Factor	CEY (cwt)	AMP	Normal Harvest Date
Delta	NEM	FH	I	BU	0	0.75	264.00	46.85	09/30

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

See Exhibit for detailed information.

Discussion:

Recommend using the same RMA data as peaches.

For the yield used the late season with a density between 175-999 and age 12+, based on discussion with COF.

Supplemental Disaster Relief Program (SDRP)

2023 and 2024 Ad Hoc NCT Delta

Sweet Corn Fh Ir

State Committee Discussion Record

Program: Supplemental Disaster Relief Program (SDRP)
Noninsured Crop Disaster Assistance Program (NAP)

Date: 04.23.26

Staff Member Presenting: Janae Rader, Farm Program Specialist

Matter for Consideration: 2023 and 2024 NCT ad hoc record for Delta and Montrose County on Corn Sweet (Crop Code 0041).

STC Recommended Action: Accept the 2023 and 2024 ad hoc NCT data for sweet corn as recommended by STO.

County	Crop Type	IU	Ir/ Ni	UOM	PP Factor	Uh Factor	2023 CEY (cwt)	2024 CEY (cwt)	Final Plant Date	Normal Harvest Date
Delta	SBI	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Delta	SWH	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Delta	SYE	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Montrose	SBI	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Montrose	SWH	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Montrose	SYE	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05

Background: SDRP Stage 2 allows producers to apply for uninsured crops and crops that were covered under whole farm revenue, dollar revenue and other revenue plans. Sweet corn in Delta for 2023 and 2024 is eligible under a dollar amount of insurance with RMA.

1-SDRP Par 104 NCT Crop Data states that ad hoc approval flags may be set and the following NCT data established for any NAP crop not previously approved in the NCT:

- unharvested payment factor
- prevented planted factors
- county expected yields (including historical yields) as applicable
- average market price (including historical yields)

The requirement to establish a new crop record on the NCT 120 days before the NAP application closing date is waived for SDRP purposes.

There are 4 types of sweet corn in Colorado:

- SBI – Sweet, Bicolor
- SWH – Sweet, White
- SYE – Sweet, Yellow/Golden Early
- SYL – Sweet, Yellow/Golden Late

The price is set at the state level and the State Committee (STC) previously set the price for sweet corn in Colorado:

Type (Price \$/cwt)	2023	2023 Organic	2024	2024 Organic
SBI	14.0667	18.00	12.90	18.60
SWH	14.0667	18.00	12.90	18.60
SYE	14.0667	18.00	12.90	18.60

The Acreage reporting date is set at the State level. The acreage reporting deadline is July 15th of the year of harvest according to 2-CP (Rev. 16) Exhibit 6.

The application closing date is set at the State level was previously set for Corn as March 15th the year of harvest and matches RMA sales closing date.

County	Application Closing Date (all types)
Colorado	03/15
Kansas	03/15
Nebraska	03/15
New Mexico	03/15
Oklahoma	03/15
Utah	03/15
Wyoming	04/01
RMA	03/15

Payment factors are set at the state level for a crop, type and intended use. The prevent plant (PP) and un-harvest (UH) factor was previously set. The PP and UH factor should be used to reflect the percentage of total production cost not incurred because planting and/or harvesting did not take place. 1-NAP (Rev. 2) subparagraph 279 A STC will determine what percentage of total production cost would be expended if harvesting costs are excluded.

Factors by type:

State (PP/UH Factor)	Type	PP Fh	UH Fh
Colorado	SBI	0.31	0.61
Colorado	SWH	0.31	0.61
Colorado	SYE	0.31	0.61
Colorado	SYL	0.31	0.61
Kansas	All	0.45	0.66
Nebraska	All	0.22	0.51
New Mexico	All	0.26	0.90
Oklahoma	All	0.25	0.45

Utah	All	0.30	0.60
Wyoming	All	0.34	0.57

Organic price and yield is being requested for all SBI and SWH with the intended use of Fh. The STC previously set the organic factors at 0.75.

Organic Factors by type:

State (Org/Tran Factor)	Org SBI Fh	Tran SBI Fh	Org SWH Fh	Tran SWH Fh
Colorado	0.75	0.75	0.75	0.75
Kansas	-	-	-	-
Nebraska	0.75	-	-	-
New Mexico	-	-	-	-
Oklahoma	-	-	-	-
Utah	-	-	-	-
Wyoming	-	-	-	-

Org=Organic, Tran=Transitional, AMP=Average Market Price

A final plant date is set at the county level. The final plant date will affect coverage as planting after that date decreases coverage. Final plant date should reflect the latest date the crop, type and intended use can be planted to reasonably expect normal production.

Final plant date by type and intended use:

State (Final Plant Date)	County	SBI Fh	SWH Fh	SYE Fh	SYL Fh
Colorado	Bent	06/25	06/25	06/25	06/25
Colorado	Costilla	06/25	06/25	06/25	06/25
Colorado	Crowley	06/25	-	-	-
Colorado	Delta *RMA	06/15	06/15	06/15	06/15
Colorado	Las Animas	-	-	-	06/25
Colorado	Montezuma	06/20	06/20	-	06/20
Colorado	Montrose *RMA	06/15	06/15	06/15	06/15
Colorado	Morgan	-	06/25	-	-
Colorado	Otero	06/25	06/25	06/25	06/25
Colorado	Pueblo	06/25	06/25	06/25	06/25
Colorado	Weld	06/25	-	06/25	06/25
Kansas	Multiple	06/25	06/25	06/25	06/25

State (Final Plant Date)	County	SBI Fh	SWH Fh	SYE Fh	SYL Fh
Oklahoma	Multiple	04/15- 04/30	04/15- 04/30	04/10- 04/30	04/15- 04/30
Utah	Multiple	06/01- 06/15	06/01- 06/15	06/01- 06/15	06/01- 06/15
Wyoming	Multiple	05/31	-	-	-

A normal harvest date is set at the county level. All counties with an approved NCT record for sweet corn in Colorado have an established harvest date of October 5. NAP coverage ends the earlier of date harvest was complete, abandonment of crop, destruction of the crop or normal harvest date. This will also determine the last day to timely file production and an application for payment. The normal harvest date should reflect the date that harvest is normally completed in the administrative county.

Normal harvest date by type and intended use:

State (Final Plant Date)	County	SBI Fh	SWH Fh	SYE Fh	SYL Fh
Colorado	Bent	10/05	10/05	10/05	10/05

Wyoming	Multiple	10/15	-	-	-

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

County	Type	IU	Ir/ Ni	UOM	NAP 2023 CEY (cwt)	NAP 2024 CEY (cwt)

Weld	SYL	FH	I	CWT	86.03	75.62

2026 STO recommended ad hoc yield and normal harvest date.

County	Crop Type	IU	Ir/ Ni	UOM	PP Factor	Uh Factor	2023 CEY (cwt)	2024 CEY (cwt)	Final Plant Date	Normal Harvest Date
Delta	SBI	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Delta	SWH	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Delta	SYE	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Montrose	SBI	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Montrose	SWH	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05
Montrose	SYE	FH	I	CWT	0.31	0.61	229.05	229.05	06/15	10/05

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

See Exhibit for detailed information.

Discussion:

Recommended PP and UH factor: the same as previously set for the State:

- PP – 0.31
- UH – 0.61

Final Plant date: recommend using final plant date for RMA under the dollar plan 06/15

Normal Harvest date: recommend using the final plant date of 10/05, the same as the rest of the state. 10/05. RMA does not have a published normal harvest date under the dollar plan.

Delta County Executive Director
SUBJECT Ad hoc NCT record for Corn

Digitally signed
by NATALIE
PARKER
Date: 2026.04.09
10:17:40 -06'00'

The Delta County FSA Committee is requesting the county expected yield, CEY, for CORN SWH, SBI, and SYE, Fresh IR be set for 2023 and 2024 at 229.05 cwt/acre.

Delta County Action Between Meetings

All COC Members polled for concurrence on 4/8/2026. Majority approval came by email on 4/9/2026.

Delta County Committee members: Nathan Adam, Casey Atchley, Justin Fogg

Subject: 2023 and 2024 NCT ad hoc yield record for Delta County on CORN crop code 0041 Types SBI, SWH and SYE

Background: Delta County producers' SDRP Stage 2 applications, FSA-504 Part E are prefilled for Dollar Amount Of Insurance plans for producers' Fresh Market Sweet Corn. The applications are prefilled with Crop, RMA practice, primary policy holder and SBI's.

1-SDRP par. 104 requires state offices to establish crop data in the NCT for use with SDRP applications. Therefore the Delta County COC is tasked with recommending a county expected yield (CEY) for Sweet Corn per acre in hundredweight(cwt).

Discussion: There are two sweet corn processing facilities that most Delta County Fresh Market corn producers work with to contract sweet corn production and planted acres. Producers work with these facilities to determine the timing of when corn is planted to coordinate with the timing of the processing facilitates harvest crews and corn purchase and sale contracts.

The two processors of sweet corn are Mountain Quality Marketing LLC located at 13744 6100 Road, Montrose, CO and Tuxedo Corn Company located at 59751 David Road, Olathe, CO. The CED contacted both businesses for estimate of the CEY they use when determining how many acres will be planted each year. Mountain Quality stated they estimate 420 boxes per acre as the estimated CEY. Their boxes weigh 55 lbs. for 231 cwt/acre CEY.

Tuxedo Corn company stated they average 450 boxes per acre with boxes ranging between 50-55lbs. A box of corn for both companies is 48-52 ears

The CED also spoke in length with Janine Freeman, RMA Insurance agent with J9 crop insurance. J9 crop insurance agency and Janine carry the Dollar Amount of Insurance for a majority of Delta and Montrose Producers of Fresh Market Sweet Corn. This type of insurance coverage insures Fresh Market Corn at a dollar per acre value. Producers can insure up to \$1,800 per acre, this is 75% of the Reference Maximum Dollar amount. The Reference Maximum dollar amount represents the cost to establish the crop before factoring the individual farming expenses such as harvesting or packaging. 100% of the Reference Maximum dollar amount per acre is \$2,400. RMA uses a reference maximum price of \$5.55 a container or box. Producers turn their sweet corn production in boxes to RMA. $\$2,400/\5.55 equals 432.43boxes per acre expected yield. Therefore 100% of expected production equals 432.43 boxes per acre. Producers are insured at 75% therefore they will suffer a loss that results in a payment when they produce less than 324 boxes per acre. Janine also provided that her loss adjusters estimate county expected production in Montrose and Delta at 425 boxes per acre. Janine does not take box

weights when determining insurance payments but would estimate 50-55lbs as reasonable per box.

Taking all the estimated CEY's from experts in Montrose and Delta County on Sweet corn production results in the following table.

Source	CEY boxes per acre	AVG Weight per box in lbs.	County Expected lbs./acre	CEY cwt
Mountain Quality Marketing LLC - Montrose CO	420	55	23100	231
Tuxedo Corn Company- Olathe, CO	450	55	24750	247.5
Tuxedo Corn Company- Olathe, CO	450	50	22500	225
RMA Insurance Agent - Reference Maximum Dollar amount	432	50	21600	216
RMA Insurance Agent - Reference Maximum Dollar amount	432	55	23760	237.6
RMA Local Insurance Adjuster	425	55	23375	233.75
RMA Local Insurance Adjuster	425	50	21250	212.5
Average			22,905	229.05

Conclusion: The Delta County Committee is requesting the State Committee (STC) approve an Ad Hoc yield record for CORN SBI, SWH and SYE Fresh with a 2023 and 2024 CEY of **229.05cwt/acre.**

The COC is aware and concurs with the State Committee's previously set price in the NCT for sweet corn in Colorado at \$14.0667 in 2023 and \$12.90 in 2024 and concurs with a final plant date of 6/15, Normal Harvest Date of 10/05 Prevent plant factor of 0.31 and Unharvest factor of 0.61.

Executive Session

Supplemental Disaster Relief Program (SDRP)

Approval/Disapproval

District Director

State Committee Discussion Record

Program: Supplemental Disaster Relief Program (SDRP)

Date: 4/23/2026

Staff Member Presenting: Julie Sporhase

Matter for Consideration: The Prowers County Committee (COC) is requesting approval/disapproval on a 2024 SDRP-2 application for District Director (DD) Scott Brase.

Recommendation:

All program and payment eligibility requirements have been met by DD Scott Brase to approve the 2024 SDRP-2 application.

Background:

SDRP provides assistance to producers for losses to crops, trees, bushes, and vines due to wildfires, hurricanes, floods, derechos, excessive heat, tornadoes, winter storms, freeze (including polar vortex), smoke exposure, excessive moisture, qualifying drought, and related conditions occurring in calendar years 2023 or 2024. SDRP Stage 2 provides assistance to support eligible crop production, quality and revenue losses, and tree, bush, and vine losses that were covered by crop insurance or NAP with losses that were not severe enough to trigger an indemnity or payment, referred to as shallow losses, and eligible losses that were not covered by crop insurance or NAP. The program deadline is 4/30/2026. 1-SDRP par. 4A requires all applications executed by SED, State Office employees, STC members, DD's, COC members, CED's, County Office employees, and their spouses to be sent to STC, or designee, for review and action. DD Brase does meet all requirements set forth by 1-SDRP for program eligibility. The application is filed for production losses and does not have a quality loss. DD Brase provided adequate production records including RMA crop insurance documents and grain purchase settlement sheets to support the producer certified production according to 1-SDRP par. 102E and par 107F, examples include but are not limited to RMA or NAP records, if accurate and complete, commercial receipts, settlement sheets, warehouse ledger sheets or load summaries or appraisal information from a loss adjuster acceptable to FSA.

Discussion:

- Producer timely submitted an SDRP-2 application on 2/23/2026
- Application and eligibility review according to 1-SDRP par. 65F have been completed by the CED and State Specialist
- STC has the authority to approve or disapprove SDRP-2 applications submitted by District Directors

General Program Provisions:

FSA Handbook 1-SDRP par 3A

FSA Handbook 1-SDRP par 4A

FSA Handbook 1-SDRP par 65F

FSA Handbook 1-SDRP par 102A

PART B: PRODUCER AGREEMENT			
The Farm Service Agency (FSA) will make payments under SDRP Stage 2 to eligible producers who meet the program requirements and comply with requirements in 7 CFR part 760, Subpart V. A copy of these regulations may be found at: https://www.fsa.usda.gov/resources/programs/supplemental-disaster-relief-program, FSA's creation of a pre-filled application does not indicate that the person or legal entity listed on the application is eligible for an SDRP Stage 2 payment. Under this program, an eligible loss is a loss in crop production, revenue, or quality, or a loss of trees, bushes or vines, caused in whole or in part, by a qualifying disaster event. A "qualifying disaster event" means: wildfires, hurricanes (including excessive wind, storm surges, tropical storms, and tropical depressions that occurred as a direct result of a hurricane), floods (including silt and debris that occurred as a direct and proximate result of flooding), derechos (including excessive wind that occurred as a direct result of a derecho), excessive heat, tornadoes, winter storms (including excessive wind and blizzards that occurred as a direct result of a winter storm), freeze (including a polar vortex), smoke exposure, excessive moisture, qualifying drought, and related conditions occurring in calendar year 2023 and 2024. "Related conditions" mean damaging weather and adverse natural occurrences that occurred concurrently with and as a direct result of a specified qualifying disaster event. A "qualifying drought" means an area within the county in which the loss occurred was rated by the U.S. Drought Monitor as having a drought intensity of D2 (severe drought) for eight consecutive weeks or D3 (extreme drought) or higher at any time during the 2023 or 2024 calendar year. A list of counties that experienced a qualifying drought in calendar year 2023 and 2024 is available through local FSA service centers and at: https://www.fsa.usda.gov/resources/programs/supplemental-disaster-relief-program.			
			DATE STAMP
			RECEIVED ON FEB 23 2026 PROWERS COUNTY FSA

PART B: PRODUCER AGREEMENT (Continued)

To receive payment under this program, the undersigned producer must:

1. Complete this application.
2. Provide any additional information requested by FSA within 60 calendar days to verify the accuracy of the information submitted on this form and retain such documents for three years from the date of application approval.
3. Comply with payment attribution and payment eligibility provisions for the applicable program year and submit the following forms to FSA if such forms have not been provided previously to FSA:
 - CCC-902, Farm Operating Plan for Payment Eligibility
 - CCC-901, Member Information for Legal Entities (if applicable)
 - AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification (for the producer and affiliated persons)
 - FSA-510, Request for an Exception to the \$125,000 Payment Limitation for Certain Programs (optional; for the producer and members of legal entities, if applicable)
 - FSA-578, Report of Acreage (if applicable)
4. Purchase crop insurance or NAP coverage for the next two crop years for which such coverage becomes available with respect to each crop for which a SDRP payment is made. Crop insurance or NAP coverage must be at a level equal to or greater than 60 percent. The availability of crop insurance policies and NAP coverage will be determined from the date the SDRP payment is issued. The producer must pay any service fees, administrative fees, and premiums associated with such coverage. If a crop insurance policy is not available, or if the producer is not eligible for NAP coverage because the producer's income exceeds the NAP Adjusted Gross Income (AGI) limitation, the producer must:
 - obtain NAP coverage and pay the applicable NAP service fee and premium regardless of the producer's eligibility for the NAP payment; or
 - purchase a Whole-Farm Revenue Protection (WFRP) policy, if the producer is eligible for such a policy.

Privacy Act Statement: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a - as amended). The authority for requesting the information identified on this form is the American Relief Act, 2025 (Pub. L. 118-158). The information will be used to determine eligibility for program benefits. The information collected on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated). Providing the requested information is voluntary. However, failure to furnish the requested information will result in a determination of ineligibility for program benefits.

Public Burden Statement (Paperwork Reduction Act): According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0503-0028. The time required to complete this information collection is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden by emailing to: askusda@usda.gov (OMB No. 0503-0028).

Non-Discrimination Statement: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the State or local Agency that administers the program or contact USDA through the Telecommunications Relay Service at 711 (voice and TTY). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at <https://www.usda.gov/oascr/how-to-file-a-program-discrimination-complaint> and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Mail Stop 9410, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

Remarks:

NEW PRODUCER CERTIFICATION STATEMENT: I certify that I have not produced the insured crop in the county for more than two APH crop years. I certify that I was not a member of another insured entity as a substantial beneficial interest holder, which produced the insured crop in the county for more than two APH crop years. I certify that any substantial beneficial interest holders for the policy in which new producer status is requested, have not produced the insured crop in the county for more than two APH crop years.

COLLECTION OF INFORMATION AND DATA (PRIVACY ACT) STATEMENT Agents, Loss Adjusters and Policyholders: The following statements are made in accordance with the Privacy Act of 1974 (5 U.S.C. 552a): The Risk Management Agency (RMA) is authorized by the Federal Crop Insurance Act (7 U.S.C. 1501-1524) or other Acts, and the regulations promulgated thereunder, to solicit the information requested on documents established by RMA or by approved insurance providers (AIPs) that have been approved by the Federal Crop Insurance Corporation (FCIC) to deliver Federal crop insurance. The information is necessary for AIPs and RMA to operate the Federal crop insurance program, determine program eligibility, conduct statistical analysis, and ensure program integrity. Information provided herein may be furnished to other Federal, State, or local agencies, as required or permitted by law, law enforcement agencies, courts or adjudicative bodies, foreign agencies, magistrate, administrative tribunal, AIPs contractors and cooperators, Comprehensive Information Management System (CIMS), congressional offices, or entities under contract with RMA. For insurance agents, certain information may also be disclosed to the public to assist interested individuals in locating agents in a particular area. Disclosure of the information requested is voluntary. However, failure to correctly report the requested information may result in the rejection of this document by the AIP or RMA in accordance with the Standard Reinsurance Agreement between the AIP and FCIC, Federal regulations, or RMA-approved procedures and the denial of program eligibility or benefits derived therefrom. Also, failure to provide true and correct information may result in civil suit or criminal prosecution and the assessment of penalties or pursuit of other remedies.

NONDISCRIMINATION STATEMENT: Non-Discrimination Policy

In accordance with Federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices and employees and institutions participating in or administering USDA programs are prohibited from discriminating on the basis of race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs).

To File a Program Complaint: If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at www.usda.gov/ocac, or at any USDA office, or call (866) 632-8992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter by mail to the U.S. Department of Agriculture, Director, Center for Civil Rights Enforcement, 1400 Independence Avenue, S.W., Washington, D.C. 20250-8410 or email at program.intake@usda.gov.

Persons with Disabilities: Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 690-0443 (voice and TDD) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English. Persons with disabilities, who wish to file a program complaint, please see information above on how to contact the Department by mail directly or by email.

CERTIFICATION STATEMENT: I understand this form may be reviewed or audited and that information inaccurately reported or failure to retain records to support information on this form may result in a

recomputation of the approved APH yield.

I certify that to the best of my knowledge and belief all of the information on this form is correct. I also understand that failure to report completely and accurately may result in sanctions under my policy, including but not limited to voidance of the policy, and in criminal or civil penalties (18 U.S.C. §1008 and §1014; 7 U.S.C. §1508; 31 U.S.C. §3729, §3730 and any other applicable federal statutes).

ANTI-REBATING STATEMENT

Applicant/Insured Statement: "I certify, for the crop year indicated, that I have not directly or indirectly received, accepted, or been paid, offered, promised, or given any benefit, including money, goods, or services for which payment is usually made, rebate, discount, abatement, credit, or reduction of premium, or any other valuable consideration, as an inducement to procure insurance or in exchange for purchasing this insurance policy after it has been procured. I understand that this prohibition does not include payment of administrative fees, performance based discounts, and any other payment approved by FCIC that are authorized under sections 508(a)(9)(B) and 508(d)(3) of the Federal Crop Insurance Act (Act) (7 U.S.C. §§ 1508(a)(9)(B) and 1508(d)(3)). I understand that a false certification or failure to completely and accurately report any information on this form may subject me, and any person with a substantial beneficial interest in me, to sanctions, including but not limited to, criminal and civil penalties and administrative sanctions in accordance with section 515(h) of the Act (7 U.S.C. §1515(h)) and all other applicable federal statutes."

NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a – as amended). The authority for requesting the information identified on this form is 7 CFR Part 718, the Farm Security and Rural Investment Act of 2002 (Pub L. 107-171), and the Agricultural Act of 2014 (Pub. L. 113-79). The information will be used to collect producer certification of the report of acreage of crops/commodities and land use data which is needed in order to determine producer eligibility to participate in and receive benefits under FSA programs. The information collected on the form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated) and USDA/FSA-14, Applicant/Borrower. Providing the requested information is voluntary. However, failure to furnish the requested information may result in a denial of the producer's request to participate in and receive benefits under FSA programs.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0560-0175. The time required to complete this information collection is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The provisions of criminal and civil fraud, privacy, and other statutes may be applicable to the information provided. RETURN THIS COMPLETED FORM TO YOUR COUNTY FSA OFFICE.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate, or any other aspect of this collection of information, including suggestions for reducing this burden, to the Department of Agriculture, Clearance Officer, Ag Box 7630, Washington, D.C. 20250; and to the office of Management and Budget, Paperwork Reduction Project (OMB No. 0560-0175), Washington, D.C. 20503. RETURN THIS COMPLETED FORM TO YOUR FSA COUNTY OFFICE.

CERTIFICATION: I certify to the best of my knowledge and belief that the acreage of crops/commodities and land uses listed herein are true and correct and that all required crops/commodities and land uses have been reported for the farm(s) as applicable. Absent any different or contrary prior subsequent certification filed by any producer for any crop for which NAP coverage has been purchased, I certify that the applicable crop, type, practice, and intended use is not planted if it is not included on the Report of Commodities for this crop year. The signing of this form gives FSA representatives authorization to enter and inspect crops/commodities and land uses on the above identified land. A signature date (the date the producer signs the FSA-578) will also be captured.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

No	\$0.00		\$0.00		\$2,259.00	\$30.00	100.00%	\$0.00	0.3500	\$0.00		

Total Gross Payment: \$0.00
Total Factored Payment: \$0.00

Important Information

If all required forms are not filed by the required deadline, producers may forfeit their request to receive payment. See the FSA-504E for a complete list of all eligibility requirements

Calculation Explanation:

SDRP Liability: Parts C and O - Entry from the application provided by RMA.

Parts E, I, J, and L - Acres times Yield times Price times SDRP Factor.

Adjusted Production: Parts C, E, I, J, L, O, and P - 1- Quality Loss % times Production

Calculated Loss: Parts C, O, and P - SDRP Liability minus Adjusted Production times Price.

Part E - SDRP Liability minus Production times Price times Stage Factor times Share.

Parts F, K, and M - Dollar Value Before Disaster Event times SDRP Factor minus Dollar Value After Disaster times Stage Factor minus Salvage Value times Share.

Parts G, N, and Q - Expected Value times SDRP Factor minus Actual Value minus Salvage Value times Share.

Parts I, J, and L - SDRP Liability minus Production times Price times Stage Factor minus Salvage Value times Share.

RMA Liability: Part C and O - SDRP Liability Divided by SDRP Factor times Coverage Level

Part E - Acres times Yield times Price times Coverage Level

Potential RMA Payment: Part C and O - RMA Liability minus Production times Price times Payment Level.

Parts E - SDRP Liability minus Production times Price times Stage Factor times Payment Level times Share.

Part F - Dollar Value Before Disaster times Coverage Level minus Dollar Value After Disaster times Stage Factor times Payment Level minus Salvage Value times Share.

NAP Liability: Part J - Acres times Yield times Price times Coverage Level.

Potential NAP Payment: Part J - NAP Liability minus Production times Price times NAP Payment Level times Stage Factor minus Salvage Value times Share.

Part K - Dollar Value Before Disaster times NAP Coverage Level minus Dollar Value After Disaster times Stage Factor times Payment Level minus Salvage Value times Share.

Expected Value: Parts G, N, and Q - Destroyed Trees plus Damaged Trees times Price.

Damaged/Destroyed Value: Parts G, N, and Q - Destroyed Trees times Price plus Damaged Trees times Price times Partial Damage Factor.

Actual Value: Parts G, N, and Q - Expected Value minus Damage/Destroyed Value

Gross Payment: Parts C, E, F, G, and P - Total Calculated Loss minus Total Potential RMA Payment plus Premiums and Fees if Calculated Loss minus Total Potential RMA Payment was greater than 0 times Share. 0 if calculated loss is less than or equal to 0.

Part I and Q - Total Calculated Loss plus Premiums and Fees if Calculated Loss was greater than 0 times Share. 0 if calculated loss is less than or equal to 0.

Part D - Estimated SDRP Payment times Certified % of Acres times Share.

Part H - Estimated SDRP Payment plus Weighted Avg Premiums and Weighted Avg Service Fees if Estimated SDRP Payment was greater than 0. 0 if calculated loss is less than or equal to 0.

Parts J and K - Calculated Loss minus Potential NAP Payment plus Weighted Avg Fees and Weighted Avg Premiums if Calculated Loss minus Potential NAP Payment was greater than 0. 0 if calculated loss is less than or equal to 0.

Parts L, M, and N - Total Calculated Loss if greater than 0.

Part O - Total Calculated Loss minus RMA Indemnity plus Premiums and Fees if Calculated Loss minus RMA Indemnity was greater than 0 times Share. 0 if calculated loss is less than or equal to 0.

Factored Gross Payment: Gross Payment times Payment Factor

Disclaimer:

The Total Gross Payment Amount and Total Factored Gross Payment Amount are determined prior to applying any producer or payment reductions. The payment data reflected on this Estimated Calculated Payment Report includes payment amounts based on program eligibility and may vary due to changes in commodity data, producer eligibility, producer or member payment share, payment rates, factors, and payment limitation.

The distribution of this report does not in any way obligate CCC to disburse the estimated payment amounts reflected.

Rio Grande County – Cross Roads Farms LLC

State Committee Discussion Record

Marketing Assistance for Specialty Crop (MASC)

Date: 4/23/2026

Staff Member Presenting: Julie Sporhase

Matter for Consideration: The Rio Grande County Committee (COC) is requesting Equitable Relief on a 2025 MASC application in the amount of \$4750.00 for Cross Roads Farms LLC.

Recommendation:

Misaction/Misinformation standards have been met; the error was clearly made by the COF; the producer filed their application timely, and it was approved by the Rio Grande County Committee (COC) by the January 10, 2025, deadline. It was recently discovered the COF did not enter the approval date in the software. It is recommended STC approve the equitable relief request for Cross Roads Farms LLC.

Background:

MASC provided eligible specialty crop producers with marketing assistance payments to help them engage in activities that aid in either of the following, expanding domestic specialty crop markets and/or developing new markets for their specialty crops in 2025. The deadline for MASC was January 10, 2025. Payment eligibility documents must have been submitted by January 8, 2026. On January 8, 2025 Cross Roads Farms LLC submitted an FSA-1140 MASC application and an FSA-1141 New Producer Worksheet according to 1-MASC par 4G. After approval by the Rio Grande COC the approval date was not entered into the software by the County Office (COF) deadline to enter determination dates of 5/25/2025. This error was discovered after the deadline for MASC approvals to be loaded by the COF.

Discussion:

- Producer submitted a timely MASC application and new producer worksheet according to 1-MASC policy and all other required payment eligibility documentation was filed timely prior to the January 8, 2026 deadline
- Under Misaction/Misinformation provisions
 - participant demonstrated a good faith effort and complied with program deadlines for both the application and payment eligibility provisions
 - DD later discovered the COF failed to enter the approval date in software
 - participant meets all applicant eligibility including submission of a new participant form CCC-1141 with supporting documentation, payment eligibility and foreign person requirements
- \$4750.00 is within the STC authority of \$5000.00, STC has the authority to make a decision on the equitable relief request.

SUBJECT: 2025 MASC-Misaction relief request Cross Roads Farms LLC

Background

On January 8, 2025 Cross Roads Farms LLC turned in a FSA1140 MASC application and a FSA1141 new producer worksheet. The COF failed to enter the required approval date into the software.

The producer contacted the office multiple times requesting a status on his application approval. On July 18, 2025 after failing to receive an update from the COF Mr. Schmidt contacted Samuel Montoya, DD. When the software was checked he found the application was initiated but not approved.

On January 15, 2026, the COC was provided with the facts of the case, the FSA1140, FSA1141 with supporting documents, and payment eligibility documentation. Following 7-CP Par. 44 Misaction/Misinformation policy the COC determined the delay in approval resulted solely from county office error. Mr. Schmidt had fulfilled all program requirements and submitted all required documentation timely.

The COC determined that Cross Roads Farms LLC had met program requirements and is requesting equitable relief through misaction/misinformation.

This form is available electronically.

FSA-321 (02-20-18)		USDA-FSA		1. State Name Colorado	2. County Name Rio Grande	3. Control Number	4. Program Year 2025
FINALITY RULE AND EQUITABLE RELIEF				5. Program MASC		6. Reference Number Application #39023	
7. Type of Request (Choose one):				☐ Finality Rule ☒ Misaction/Misinformation ☐ Failure to Fully Comply ☐ Programmatic Relief			
8. Participant's Name and Address (Including Zip Code) Cross Roads Farms LLC 11500 County Road 2W Center, CO							
9A. Fully Describe the Error The Rio Grande office received a 2025 MASC application from Cross Roads Farm LLC on January 8, 2025, but failed to enter the required approval date into the software.							
9B. Who Made the Error? Jensen Maez, CED				9C. Who Discovered the Error? (OIG, COR, Producer, Etc.) + Producer, DD +			
10. State the Circumstances Under Which Discovery of the Error Was Made On July 18, 2025, after failing to receive an update from the county office the producer contacted the DD regarding his MASC application. The DD checked the software and found the application was initiated but not approved.							
11A. Finality Rule Effective Date (MM-DD-YYYY)				11B. Date Discovered (MM-DD-YYYY) 07-21-2025			
12A. Incorrect Amount \$		12B. Correct Amount \$		12C. Difference Between Items 12A and 12B \$			
13A. For cases of misaction/misinformation or failure to fully comply, specify the action the participant took, or failed to take, as a result of misaction/misinformation that was detrimental to the participant, or how the participant otherwise failed, in good faith, to fully comply with the requirements of the program. For programmatic relief, explain how either lateness or failure to meet program requirements is not adverse to the operation or integrity of the program. The producer acted in good faith and met all requirements, but due to county office misaction the application was never approved. The producer contacted the office multiple times and was told it was being processed. +							
13B. All requirements for relief have been met in accordance with 7-CP? YES ☒ NO ☐				13C. For programmatic relief, have all program requirements been met in accordance with the program identified in Item 5? YES ☐ NO ☐			
14A. Recommendation and basis for recommendation: Approval is recommended because the participant acted in good faith, all eligibility requirements are met, and the delay resulted solely from county office administrative error.							
14B. Signature (COC Representative) 		14C. Title Vice-Chair		14D. Date of COC Minutes (MM-DD-YYYY) 1/5/26			
15A. STC Action (Choose One):		☐ requirements for equitable relief met; case within STC authority ☐ requirements for equitable relief met; approval by DAFP recommended ☐ requirements for relief not met				15B. Date of STC Minutes (MM-DD-YYYY)	
15C. SED Action (Choose One):		☐ relief granted under special authority, subject to OGC concurrence ☐ finality rule applies and is either approved or DAFP approval recommended ☐ finality rule inapplicable or exception applies

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the State or local Agency that administers the program or contact USDA through the Telecommunications Relay Service at 711 (voice and TTY). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at <https://www.usda.gov/bascr/how-to-file-a-program-discrimination-complaint> and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by (1) mail, U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Mail Stop 9410, Washington, D.C. 20250-9410; (2) fax, (202) 690-7442; or (3) email, program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

INSTRUCTIONS: Return this completed form to your County FSA Office.

PART A - PRODUCER AGREEMENT

The U.S. Department of Agriculture (USDA) will make MASC payments to eligible producers who meet the requirements of the program. The following information is needed for USDA to determine if the producer is eligible to receive a MASC payment. By submitting this application, the producer agrees:

1. To comply with, and acknowledges the applicant is subject to, all provisions published in the Notice of Funds Availability (NOFA) published by FSA. A copy of this document may be found at: www.fsa.usda.gov/marketing-assistance-specialty-crops.
2. That they are in the business of farming at the time of application and are entitled to an ownership share and share in the risk of producing a specialty crop that will be sold in calendar year 2025.
3. That a MASC payment will only be made with respect to sales for specialty crops grown in the United States by the producer.
4. To provide USDA access to all documents and records necessary to verify the accuracy of the information provided in this application, including those in the possession of a third-party, such as a warehouse operator, processor or packer.
5. That the application may be disapproved if the producer fails to provide a complete application, or any information requested by FSA within 15 days of the request.
6. To comply with payment limitation, adjusted gross income limitation, and other applicable rules by submitting the following forms required by the NOFA:
 - FSA-1141, Marketing Assistance for Specialty Crops (MASC) New Producer Expected Sales Worksheet, and supporting documentation by the MASC application deadline, if applicable
 - CCC-902, Farm Operating Plan for Payment Eligibility
 - CCC-901, Member Information for Legal Entities, if applicable
 - CCC-941, Average Adjusted Gross Income (AGI) Certification and Consent to Disclosure of Tax Information
 - CCC-942, Certification of Income from Farming, Ranching and Forestry Operations, if applicable
 - AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification
 - AD-2047, Customer Data Worksheet, if applicable.

Privacy Act Statement: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a - as amended). The authority for requesting the information identified on this form is the Commodity Credit Corporation (CCC) Charter Act (15 U.S.C. 714c(e)). The information will be used to determine eligibility for program benefits. The information collected on this form may be disclosed to other Federal, State, and Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated). Providing the requested information is voluntary. However, failure to furnish the requested information will result in a determination of ineligibility for program benefits. Payments may be made under the program to which the form applies only to the extent permitted by applicable authorities.

Public Burden Statement (Paperwork Reduction Act): Public reporting burden for this collection is estimated to average 60 minutes per response, including reviewing instructions, gathering and maintaining the data needed, completing (providing the information), and reviewing the collection of information. You are not required to respond to the collection, or USDA may not conduct or sponsor a collection of information unless it displays a valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden by emailing to: askusda@usda.gov (OMB NO. 0503-0028).

Non-Discrimination Statement: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

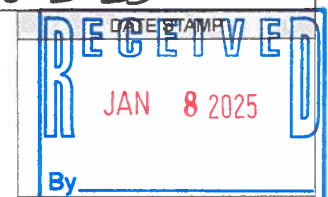

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at <https://www.usda.gov/oascr/how-to-file-a-program-discrimination-complaint> and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: mailto:program.intake@usda.gov.

Subject: Re: [External Email]Fwd: Some Western pricing for you

The first paper I provided was my invoice for seed purchase to show that I bought seed and planted it. I planted 60 acres June 5th or 6th 2024. It takes the first year to establish itself. We plan to harvest in July of this year. The printout with pricing and and yields from southwest is just to show what I was basing my calculations on. According to the instructions for masc it says you can use data to support your numbers and it says that you can pull info from their data based on different crops. But they have nothing for grass seed that I could find anywhere. And since I'm planning on selling to Southwest seed I figured his data was as close as I could get to real life numbers and then I went a bit conservative on those numbers. Hopefully that makes sense

On Tue, Jan 14, 2025, 2:23 PM Maez, Jensen - FPAC-FSA, CO <jensen.maez@usda.gov> wrote:

One more question. Are you going to plant just the 35 acres or the 60 acres on the one sheet you turned in? Also is it planted now or are you planting in the spring?

I dont have a written agreement because the price is fluctuating and I will get whatever the market price is. But if that kinda of contract is okay I could try to get that .

Hi Ben, A couple of notes.

These prices (Yellow column) are the producer price as per our agreement.

As you can tell there is a lot of variability in price from year to year. This is very dependent upon supply which is tied to weather, fire, and BLM purchases.

There is also a lot of variability in production from year to year. Also very weather dependent.

**MINUTES OF THE SAGUACHE, RIO GRANDE, MINERAL, HINSDALE COUNTY
FSA COMMITTEE MEETING
EXECUTIVE SESSION**

DATE: January 15, 2026

TIME: 10:40 am

PLACE: USDA Service Center
Saguache County FSA Office
0048 West County Road 10 North
Center, CO 81125

PRESENT: Benjamin Schmidt, Chairperson
Marc Posorske, Vice-Chairperson
Anne Nielsen, voting member
Charles Versaw, voting member
Tracy Anderson, voting member
Jason Vinyard, voting member
Sarah Rierson, voting member (phone)
Sonya Yund, acting CED

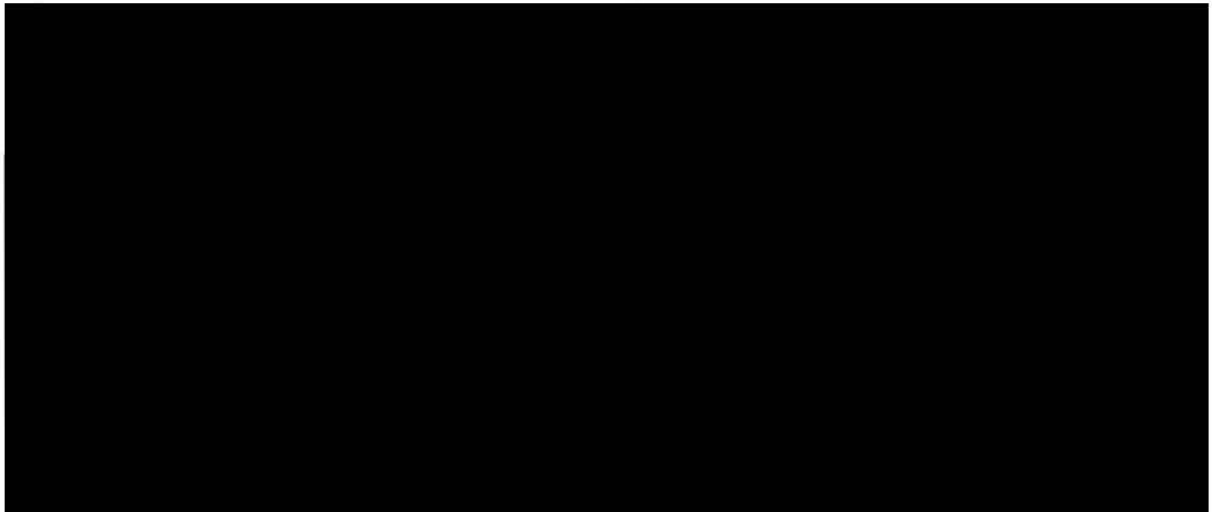

ABSENT: n/a

ADMINISTRATIVE PROGRAMS

- A. The County Committee reviewed and approved the December 18, 2025 Executive meeting minutes.

ACREAGE REPORTING

- A. The COC reviewed the following late field acreage reports:

3. [REDACTED]

ELRP

A. [REDACTED]

LIVESTOCK FORAGE PROGRAM (LFP)

[REDACTED]

MASC

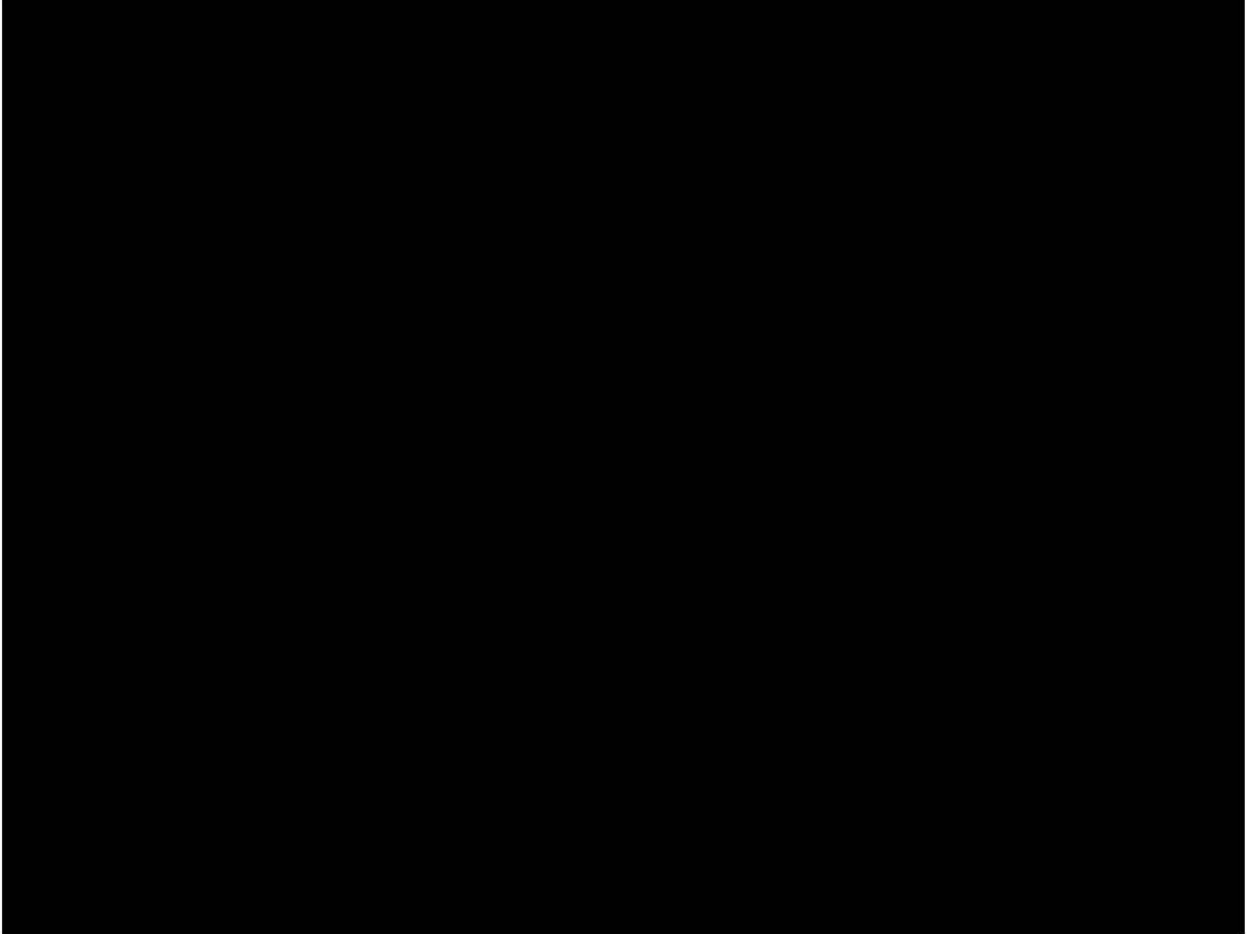

- A. Cross Roads Farm LLC filed an FSA-1140 MASC application, FSA-1141 MASC New Producer Worksheet, and supporting documentation on January 8, 2025. He contacted Sonya Yund, CED regarding the status of his application on April 30, 2025. She had contacted Jensen Maez, CED regarding the status of the application and Jensen stated she was going to email the producer with an update. On July 18, 2025 Benjamin Schimdt contacted Samuel Montoya, DD after he failed to get a response from the COF regarding his application. When the DD checked the software, he found the application # 39023 was initiated but not approved.

The COC reviewed all documentation and found the producer had met all program eligibility requirements and had acted in good faith. The COC concurred that relief would be recommended due to COF misaction. The application was approved by the COC and Mark Porsorske, Vice-Chairperson, signed the FSA-321 requesting relief.

****Benjamin Schmidt, Chairperson recused himself from the MASC portion of the meeting.**

SUPPLEMENTAL DISASTER RELIEF PROGRAM (SDRP)

ADJOURNMENT

- A. The next meeting was scheduled for February 12, 2026, at 9:00 a.m.
- B. There being no further business to come before the committee in the executive session, the meeting was adjourned at 11:20 a.m.

County Committee Chairman

County Executive Director

This form is available electronically.

| ☐ Corporation | ☐ Irrevocable Trust | ☐ Public School | |

PART B - REVIEW OF ELIGIBILITY REQUIREMENTS AND CONTRIBUTIONS

Answer the following questions by checking "YES", "NO" or "N/A".

	YES	NO	N/A
1. Are the Name and SSN (or EIN) provided for the person, legal entity and each member or interest holder? [1-CM (Rev 3) Part 6]	☒	☐	☐
2. If participant is an Estate, has a tax identification number (EIN) been provided for the estate? [1-CM (Rev 3) Part 6]	☐	☐	☒
3. If participant or any interest holder is a trust, has an EIN been provided for the trust, unless the trust is revocable trust and the grantor is the sole income beneficiary? [1-CM (Rev 3) Part 6]	☐	☐	☒
4. Is the person a US Citizen or a holder of a valid form I-551 (Alien Registration Receipt Card)? If the participant is a legal entity, are all interest holders US Citizens or holders of valid form I-551s? [5-PL Part 3]	☒	☐	☐
5. If this person or any interest holder in this legal entity is under 18-years-old, has the MINOR qualified to receive payment separate from the parent or guardian? (If "NO", See Common Attribution, Part D, Item 5.) [5-PL Part 4]	☐	☐	☒
6. Does this person or legal entity meet ALL of the following with regard to the farming operation: • has a separate and distinct interest in the land, crops, and livestock • demonstrates separate responsibility for the interest in land, crops and livestock • maintains funds and accounts separate from all other farming operations. [5-PL Part 2, Section 6]	☒	☐	☐
7. Are cash rent tenant provisions met with significant contributions of either of the following: (check as applicable) ☒ active personal labor, or ☒ active personal management and equipment (NOTE: If participant is a joint operation, each member must meet cash rent tenant provisions.) [5-PL Part 2, Section 7]	☒	☐	☐
8. If equipment or land is leased from a person or legal entity with interest in this farming operation, are rates and repayment terms reasonable and customary for the area? (If "NO", the input is not a significant contribution.)	☒	☐	☐
9. If hired labor and leased equipment originate from the same source, are separate contracts provided for the labor and for the equipment? (If "NO", equipment is not a significant contribution.) [5-PL Part 2, Section 6, Subsection 2]	☒	☐	☐
10. For limited partnerships, LLPs, LLCs, corporations and similar legal entities, do the partners, members or stockholders providing active personal labor and/or active personal management collectively hold at least 50 percent interest in the legal entity? [5-PL Part 4, Section 4]	☒	☐	☐
11. If participant or any interest holder is an estate that has been in existence for over 2 years, has required documentation been provided and determination made according to 4-PL? [5-PL Part 4, Section 5]	☐	☐	☒
12. If a trust, does the trust provide for modification or interest by the grantor, or provide for transfer to the remainder beneficiary in less than 20 years from the date the trust is established? 5-PL Part 4, Section 6]	☐	☐	☒
13. If an irrevocable trust, has trust documentation been provided and is such documentation on file? [5-PL Part 4, Section 6]	☐	☐	☒
14. For a State, political subdivision, or an agency thereof, is the land owned by the entity and used solely for the support of public schools? [5-PL Part 4, Section 1]	☐	☐	☒
15. If a charitable organization, does the land or proceeds from the farming operation transfer to an entity that exercises control over the organization? (If "YES", See Common Attribution in Part D, Item 5) [5-PL Part 4, Section 1]	☐	☐	☒
16. Substantive change rules were met by (check each applicable substantive change): [5-PL Part 2, Section 5]			
☐ Addition of _____ (number) adult family member(s)	☐	☐	☒
☐ For a landowner only, a change from cash rent to share rent	☐	☐	☒
☐ A 20% increase in base acres, allowing recognition of one person or legal entity for payment	☐	☐	☒
☐ A qualifying change in ownership of equipment	☐	☐	☒
☐ A qualifying change in ownership of land	☐	☐	☒
☐ Addition of equipment not previously involved in the farming operation	☐	☐	☒

Participant's Name: Cross Roads Farms LLC

Crop Year: 2020

PART C – FINDINGS OF THE REVIEWING AUTHORITY

CONTRIBUTIONS were determined as follows: Complete Item 1 if the participant is a PERSON or LEGAL ENTITY. Complete Item 2 if the participant is a JOINT OPERATION. Complete Items 3 through 5 if the participant is a LEGAL ENTITY.

1.	The PERSON or LEGAL ENTITY is determined to make the following CONTRIBUTIONS:	☒ ACTIVE PERSONAL LABOR ☒ LAND	☒ ACTIVE PERSONAL MANAGEMENT ☒ CAPITAL ☒ EQUIPMENT
2.	The JOINT OPERATION is determined to make the following CONTRIBUTION(S). ☐ LAND ☐ CAPITAL ☐ EQUIPMENT		
MEMBERS of the JOINT OPERATION are determined to make the following CONTRIBUTIONS:			
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
Member(s) Name(s):		☐ ACTIVE PERSONAL LABOR ☐ LAND	☐ ACTIVE PERSONAL MANAGEMENT ☐ CAPITAL ☐ EQUIPMENT
☐ Additional Pages are attached to show significant contributions of additional members.			
☐ Special rules for SPOUSES or MINOR CHILDREN are used to credit a spouse with a significant contribution of active personal labor or active personal management in this farming operation. [5-PL Paragraphs 171 and 229]			
3.	For an LP, LLP, LLC, corporation or similar legal entity, did all partners, stockholders, or members with an ownership interest represent a contribution of active personal labor and/or active personal management to the farming operation that meets all of the following: 1) performed on a regular basis; 2) identifiable and documentable; and 3) separate and distinct from that of any other partner, stockholder, or member with an ownership interest in the farming operation? ☒ YES ☐ NO [5-PL Paragraph 229]		
4.	For any partner, stockholder or member that failed to meet the requirement in Item 3, are both of the following requirements met for an exception? - Total PLC and ARC payments received collectively by all partners, stockholders, and members directly and indirectly, does not exceed \$125,000; AND - At least 50 percent of the ownership interest in the legal entity is held by partners, stockholders, or members that are actively providing labor and management to the farming operation of the legal entity. ☐ YES ☐ NO [5-PL Paragraph 229]		
5.	List all partners, stockholders, or members that do not meet requirements in Item 3 and to whom the exception in Item 4 is not applicable:		

Cross Roads Farms LLC

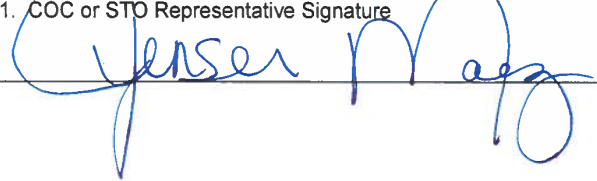

Participant's Name:

Crop Year:

2020

PART D – DETERMINATIONS OF THE REVIEWING AUTHORITY

Based on the information provided, COC determined the following: (Or, for joint operations with 6 or more members, the State Office determined):		YES	NO
1.	The farming operation is NOT ELIGIBLE for payment because the NAME and SSN or EIN of each member or interest holder were not provided. [1-CM (Rev 3) Part 6]	☐	☒
2.	LANDOWNER PROVISIONS apply to all or part of this participant's farming operation. [5-PL Paragraph 92]	☐	☒
3A.	For PERSONS or LEGAL ENTITIES: The person's or entity's contributions are SIGNIFICANT, COMMENSURATE and AT RISK; And the person or entity is ACTIVELY ENGAGED IN FARMING. (If "NO", explain in REMARKS) [5-PL Paragraphs 191-196; 229-245]	☒	☐
3B.	For JOINT OPERATIONS ONLY, each member's contributions are SIGNIFICANT, COMMENSURATE and AT RISK; And EACH MEMBER is ACTIVELY ENGAGED IN FARMING. (If "NO", explain in REMARKS) [5-PL Paragraphs 211-214]	☒	☐
3C.	(For 2016 and subsequent years) For JOINT OPERATIONS of nonfamily members. Each member's contributions are SIGNIFICANT, COMMENSURATE and AT RISK; And EACH MEMBER is ACTIVELY ENGAGED IN FARMING. (If "NO", explain in REMARKS) [5-PL Paragraphs 211-214]	☐	☐
4A.	(For 2016 and subsequent years) For JOINT OPERATIONS of nonfamily members. The farming operation requested one person to qualify as actively engaged in farming with only a significant contribution of active personal management. [5-PL Paragraph 220]	☐	☐
4B.	(For 2016 and subsequent years) For JOINT OPERATIONS of nonfamily members. The farming operation requested more than one person to qualify as actively engaged in farming with only significant contributions of active personal management and the criteria for operation size (for one additional person), or both operation size and or complexity (for two additional persons) was met. [5-PL]	☐	☐
5A.	A CROPLAND FACTOR applies because CASH RENT TENANT rules are not met by the person, the entity, or by one or more members of the joint operation; or because the participant is only partially actively engaged in farming (If "YES", explain in Remarks) [5-PL Paragraphs 94, 212 and 229]	☐	☐
5B.	A PAYMENT REDUCTION applies because all partners, stockholders, or members failed to make requisite contributions of active personal labor and/or active personal management to the farming operation that meets all of the following: 1) performed on a regular basis; 2) identifiable and documentable; and 3) separate and distinct from that of any other partner, stockholder, or member with an ownership interest in the farming operation. [5-PL Paragraphs 94, 212 and 229]	☐	☐
5C.	(For 2016 and subsequent years) For JOINT OPERATIONS of nonfamily members. A PAYMENT REDUCTION applies because: - a member failed to make a significant contribution of active personal labor to the farming operation; OR - a member failed to make a significant contribution of active personal management to the farming operation that meets all of the following: 1) performed on a regular, continuous, and substantial basis; and 2) the amount equals or is greater than 25 percent of the total management hours required for the farming operation annually, or the amount equals or exceeds 500 hours of management annually to the farming operation to be considered significant; OR - the farming operation requested that more than one person to qualify as making a significant contribution of active personal management and a member failed the management recordkeeping requirements; OR - a member failed to make a significant contribution of the combination of active personal labor and active personal management to the farming operation that meets all of the following: 1) performed on a regular, continuous, and substantial basis; 2) critical to the profitability of the farming operation; and 3) the hourly total when added together was at least equal to the minimum number of hours threshold based on the proportionate share of the labor and management activities performed. [5-PL Paragraphs 218-226]	☐	☐
6.	COMMON ATTRIBUTION applies to the following:		
7.	Ineligible FOREIGN PERSONS are:		
8.	Ineligible ESTATES OVER 2 YEARS OLD are:		
9.	SUBSTANTIVE CHANGE was required, but NOT MET by:		

PART E – SIGNATURE OF REVIEWING AUTHORITY		
1. COC or STO Representative Signature 	2. Title CEO	3. Date 4/8/2020

Crop Year: 2020

PART F – ACTIONS COMPLETED

Action		Date
1.	Written NOTICE OF DETERMINATION issued to all parties. [5-PL Part 7]	4/8/2020
2.	Determinations recorded in the WEB ELIGIBILITY files. [3-PL (Rev. 2) Paragraphs 24-31]	4/8/2020
3.	For Entities and Joint Operations: Subsidiary files were verified or updated to reflect correct: - members - shares - member contributions - substantive change status	4/8/2020
4.	As applicable, a CROPLAND FACTOR was computed and recorded in web eligibility files.	_____
5.	If the participant has interests in MULTIPLE COUNTIES, other counties were notified of the determinations. [5-PL Paragraphs 343, 344]	_____

PART G – REMARKS

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, age, disability, sex, gender identity including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

Name of Entity (as identified in Part A): **CROSS ROADS FARM LLC**

CCC-902 (Page 1)

State: Colorado

Date Submitted: 02/26/2020

Version Number: 4

CCC-902 (02-18-2025) U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation FARM OPERATING PLAN FOR PAYMENT ELIGIBILITY 2009 and Subsequent Program Years For "actively engaged in farming" and other payment eligibility and limitation determinations.	Program Year 2025
---	--

This form is to be completed by, or on behalf of, the individual or legal entity identified in Part A that is seeking benefits from the Farm Service Agency (FSA) under one or more programs that are subject to the regulations at 7 CFR Part 1400. This form collects farming and other information about the individual or legal entity that receives program benefits directly using the tax identification number identified in Part A. This form also collects information about the members of legal entities. Payment eligibility is based upon the contribution level of certain inputs to a farming operation such as land, capital, equipment, labor, and management. The information on this form will be used by FSA to determine payment eligibility and limitation of payments by direct attribution.

Part A - General Farming Operation Information

Producer's Name CROSS ROADS FARM LLC	Tax ID Number and ID Type (last 4 digits) 6763 E	Business Type Limited Liability Company
Is the farm operation applying for a FSA, CCC or NRCS program requiring an actively engaged, cash rent tenant/cropland factor, foreign person, substantive change and/or common attribution determination?		Yes
Was the farming operation formed within the past 24 months?		Yes
When was the farming operation formed?		(Month, Day, Year) 01/01/2020

Part B - Capital Information Note: Do not include capital contributed by **members** of general partnerships or joint ventures.
(applicable for all business types)

Does the producer provide capital to this farming operation?	Yes
What percent of capital is contributed by the producer to this farming operation from all sources?	100 %
Indicate the source of all farming capital for the producer. (Check all that apply)	
☒ Non-borrowed capital ☐ Commercial loans/credit ☐ Other/Additional ☐ FSA program payments ☐ Private Loans/credit	

Part C - Land Information (applicable for all business types)

Does the producer contribute land to the farming operation?	Yes
Does this farming operation own ANY land?	No
Does this farming operation lease land from another producer?	Yes

State	Administrative County	Farm Serial Number	Tract Number	Name of Person Land is Leased From	Leased Acres	Type of Acres	Type of Lease	Crop Share	Interest in the Land is same as last year?

Part E - Equipment Information (applicable for all business types) Note: Do not include equipment contributed by **members** of general partnerships or joint ventures.

Does the producer provide equipment to this farming operation?	Yes
What percent of the equipment does the producer contribute to this farming operation?	100 %
Does the producer own any equipment contributed to this farming operation?	Yes
What percentage of owned equipment does the producer contribute to this farming operation?	100 %

Additional Information for Owned Equipment

All needed - Tractors, Balers Swather's all necessary for operation.

Does the producer lease any equipment contributed to this farming operation from another producer?	No
Is any of the equipment contributed to this farming operation leased to another producer?	No
Is there any additional equipment contributed to the farming operation?	No

Part F - Labor Information (applicable for all business types)

Does the producer provide labor to this farming operation?	Yes
Is any of the labor contributed to the farming operation hired?	No
Is there any additional labor contributed to the farming operation?	No

Part G - Management Information (applicable for all business types)

Does the producer provide management to this farming operation?	Yes
Is any of the management contributed to the farming operation hired?	No
Is there any additional management duties/activities contributed to the farming operation?	No

Part J - Remarks**Part K - Certification** (applicable for individuals and entities)

I certify that all the information entered on this document and any supporting documentation is true and correct. I understand furnishing incorrect information will result in forfeiture of payments and may result in the assessment of a penalty. I will timely provide written notification to the Farm Service Agency Committees of any changes in this farming operation. By signing this form, I acknowledge that:

- all supporting documentation has been submitted as required
- I have reviewed and understand all definitions and requirements on the final page of this form
- all information contained on this form will be considered in effect continuously unless changes or revisions are submitted.
- it is my responsibility to timely notify FSA in writing of any changes in the farming, ranching or forestry operation, or financial status that may affect these representations.
- evidence such as tax records, certified public accountant's certification, or other documentation may be required to validate these representations and that I will take all necessary actions to provide such materials to FSA if requested.

Signature of Producer (by)	Title/Relationship of the Individual Signing in Representative Capacity	Date (MM-DD-YYYY)

Will the member be 18 years of age by June 1 of the current program year?			Yes
Part H - Citizenship Information (only applicable for members that are individuals)			
Is the member a United States citizen or an alien lawfully admitted into the United States?			Yes

Privacy Act Statement: The following statement is made in accordance with the Privacy Act of 1974 (5 U.S.C. 552a – as amended). The authority for requesting the information identified on this form is Payment Limitation and Payment Eligibility (7 CFR Part 1400), the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), the Agricultural Act of 2014 (7 U.S.C 9015), (Pub. L. 113-79), as amended by the Agriculture Improvement Act of 2018 (Pub. L. 115-334), the Further Continuing Appropriations and Other Extensions Act, 2024 (Pub. L. 118-22), the American Relief Act, 2025 (Pub. L. 118-158), and 7 CFR Part 1412. The information will be used to identify the farm operating plan data needed to determine a legal entity's eligibility for program benefits. The information collected on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated). Providing the requested information is voluntary. However, failure to furnish the requested information will result in a determination of ineligibility for program benefits.

Paperwork Reduction Act (PRA) Statement: This information collection is exempted from the Paperwork Reduction Act as specified in 7 U.S.C. 9091(c)(2)(B).

Public Burden Statement: For CFAP 2.0 and QLA only, public reporting burden for this collection is estimated to average 30 minutes per response, including reviewing instructions, gathering and maintaining the data needed. Completing (providing the information) and reviewing the collection of information. You are not required to respond to the collection, or USDA may not conduct or sponsor a collection of information unless it displays a valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden by emailing to: askusda@usda.gov (OMB NO. 0560-0297).

Non-Discrimination Statement: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at <https://www.usda.gov/oascr/how-to-file-a-program-discrimination-complaint> and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

DEFINITIONS

The following definitions apply to Form CCC-902.

1. **ACTIVELY ENGAGED IN FARMING** – means providing both: 1) significant contributions of capital, equipment, or land, or combination thereof to the farming operation; and 2) significant contributions of active personal labor or active personal management, or a combination thereof, to the farming operation as described. Further, for a person or legal entity to be considered actively engaged in farming for program payment purposes, the contributions of the person or legal entity must be at-risk and commensurate with the person's or legal entity's claimed share of the profit and loss of the farming operation. Failure to meet these requirements will result in the determination of ineligibility for payments under programs specified in 7 C.F.R. Part 1400.
2. **INTEREST IN A FARMING OPERATION** – a person or legal entity is considered to have an interest in this farming operation if the person or legal entity owns or rents land to this farming operation; or has an interest in the crop or crop proceeds from this farming operation; or is a member of a joint operation that either owns or rents land to this farming operation, or has an interest in the crop or crop proceeds from this farming operation.
3. **JOINT OPERATION** - is a general partnership, joint venture, or similar organization.
4. **PERSON** – is a natural person (an individual) and does not include a legal entity.
5. **ACTIVE PERSONAL LABOR** – a person is considered to be providing active personal labor with respect to a farming operation if that person is directly and personally providing physical activities necessary to conduct the farming operation, including land preparation, planting, cultivating, harvesting, and marketing of agricultural commodities. Other qualifying physical activities include establishing and maintaining conserving covers and those physical activities necessary for livestock production for the farming operation.
6. **ACTIVE PERSONAL MANAGEMENT** – a person is considered to be providing active personal management with respect to a farming operation if that person is directly and personally providing the general supervision and direction of activities and labor involved in the farming operation; or providing services (whether performed on-site or off-site) reasonably related and necessary to the farming operation. The management activities must be critical to the profitability of the farming operation and performed under one or more of the following categories: 1) Capital which includes arranging financing and managing capital; acquiring equipment; acquiring land and negotiating leases; managing insurance and participating in USDA programs; 2) Labor which includes hiring and managing of hired labor; 3) Agronomics and marketing which includes selecting crops and making planting decisions; acquiring and purchasing of crop inputs; managing crops and making harvesting decisions; pricing and marketing of crop production.
7. **CAPITAL** – with respect to a farming operation is the funding provided by a person or legal entity to the farming operation in order for such operation to conduct farming activities. To be considered a significant contribution for a person or legal entity, the capital must have been derived from a fund or account separate and distinct from that of any other person or entity with an interest in the farming operation. A significant contribution of capital does not include the value of any labor or management which is contributed to the farming operation. A capital contribution may be a direct non-borrowed (out-of-pocket) input of a specified sum or an amount borrowed by the person or entity. Capital does not include advance program payments.
8. **CONTRIBUTION** – with respect to a farming operation is the provision of land, capital or equipment assets, and providing active personal labor, or active personal management to the farming operation in exchange for, or the expectation of, deriving benefits based solely on the success of the farming operation. Contributions must be "significant".
9. **CUSTOM SERVICES** – with respect to a farming operation is the hiring of a contractor or vendor that is in the business of providing such specialized services to perform services for the farming operation in exchange for the payment of a fee for such services performed.
10. **ENTITY** - is a corporation, joint stock company, limited liability company, association, limited partnership, limited liability partnership, irrevocable trust, revocable trust, estate, charitable organization, or other similar organization including any such organization participating in the farming operation as a partner in a general partnership, participant in a joint venture, a grantor of a revocable trust, or as a participant in a similar organization.
11. **EQUIPMENT** – with respect to a farming operation is the machinery and implements needed to conduct activities of the farming operation including machinery and implements used for land preparation, planting, cultivating, harvesting or marketing crops. Equipment also includes machinery and implements needed to establish and maintain conserving covers.
12. **FAMILY MEMBER** – a person is considered to be a family member of another person in the farming operation if that person is related to the other person as a lineal ancestor, lineal descendant, sibling, 1st cousin, niece, nephew, spouse, or otherwise by marriage. This relationship includes great grandparent, grandparent, parent, child (including legally adopted children and stepchildren), grandchild, great grandchild, sibling, 1st cousin, niece, nephew, aunt, uncle or spouse of family member in the farming operation.
13. **FARMING ENTITY** - is the entity, including a combination of entities, conducting a farming operation at one or more locations.
14. **FARMING OPERATION** - is a business enterprise engaged in the production of agricultural products which is operated by a person or legal entity which is eligible to receive payments, directly or indirectly.
15. **LAND** – with a respect to a contribution to a farming operation is farmland consisting of cropland, pastureland, wetland, or rangeland which meets the specific requirements of the applicable program for which payments or benefits are sought.
16. **SUPPORTING DOCUMENTATION** – is any information that supports the relevant representations made such as, but not limited to: articles of incorporation; corporate meeting minutes; stock certificates; organizational papers; trust agreement; last will or testament or a deceased individual; affidavit of heirship approved by Office of General Counsel; partnership agreement; property lease agreement; purchase agreement; land deed; lending security agreement; and financial statement.
17. All other terms utilized in this form shall be defined pursuant to 7 C.F.R. Part 1400.

CCC-902 (04-16-2019)	U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation FARM OPERATING PLAN FOR PAYMENT ELIGIBILITY 2009 and Subsequent Program Years	Program Year 2020																						
For "actively engaged in farming" and other payment eligibility and limitation determinations.																								
<i>This form is to be completed by, or on behalf of, the individual or legal entity identified in Part A that is seeking benefits from the Farm Service Agency (FSA) under one or more programs that are subject to the regulations at 7 CFR Part 1400. This form collects farming and other information about the individual or legal entity that receives program benefits directly using the tax identification number identified in Part A. This form also collects information about the members of legal entities. Payment eligibility is based upon the contribution level of certain inputs to a farming operation such as land, capital, equipment, labor, and management. The information on this form will be used by FSA to determine payment eligibility and limitation of payments by direct attribution.</i>																								
Part A - General Farming Operation Information																								
Producer's Name CROSS ROADS FARM LLC	Tax ID Number and ID Type (last 4 digits) 6763 E	Business Type Limited Liability Company																						
Is the Farming operation seeking benefits for any program requiring an "actively engaged in farming" determination?		Yes																						
Was the farming operation formed within the past 24 months?		Yes																						
When was the farming operation formed?		(Month, Day, Year) 01/01/2020																						
Part B - Capital Information Note: Do not include capital contributed by members of general partnerships or joint ventures. (applicable for all business types)																								
Does the producer provide capital to this farming operation?		Yes																						
What percent of capital is contributed by the producer to this farming operation from all sources?		100 %																						
Indicate the source of all farming capital for the producer. (Check all that apply)																								
☒ Non-borrowed capital ☐ Commercial loans/credit ☐ Other/Additional ☐ FSA program payments ☐ Private Loans/credit																								
Part C - Land Information (applicable for all business types)																								
Does the producer contribute land to the farming operation?		Yes																						
Does this farming operation own ANY land?		No																						
Does this farming operation lease land from another producer?		No																						
Does this farming operation lease land to another producer?		No																						
Part D - Custom Services (applicable for all business types)																								
Will custom services, such as harvesting, spraying, fertilization, tillage, seeding, etc., be utilized for this farming operation?		Yes																						
<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <th colspan="6">Type of Service(s)</th> <th rowspan="2">Number of Acres/Description</th> <th rowspan="2">Name of Provider</th> </tr> <tr> <th>Tillage Activities</th> <th>Seeding</th> <th>Crop Growing/Protection</th> <th>Harvesting/Handling</th> <th>Marketing/Disposition</th> <th>Other</th> </tr> <tr> <td style="text-align: center;">☐</td> <td style="text-align: center;">☐</td> <td style="text-align: center;">☐</td> <td style="text-align: center;">☒</td> <td style="text-align: center;">☐</td> <td style="text-align: center;">☐</td> <td style="text-align: center;">Varies</td> <td style="text-align: center;">Varies</td> </tr> </table>			Type of Service(s)						Number of Acres/Description	Name of Provider	Tillage Activities	Seeding	Crop Growing/Protection	Harvesting/Handling	Marketing/Disposition	Other	☐	☐	☐	☒	☐	☐	Varies	Varies
Type of Service(s)						Number of Acres/Description	Name of Provider																	
Tillage Activities	Seeding	Crop Growing/Protection	Harvesting/Handling	Marketing/Disposition	Other																			
☐	☐	☐	☒	☐	☐	Varies	Varies																	
Part E - Equipment Information Note: Do not include equipment contributed by members of general partnerships or joint ventures. (applicable for all business types)																								
Does the producer provide equipment to this farming operation?		Yes																						
What percent of the equipment does the producer contribute to this farming operation?		100 %																						
Does the producer own any equipment contributed to this farming operation?		Yes																						
What percentage of owned equipment does the producer contribute to this farming operation?		100 %																						
Additional Information for Owned Equipment All needed - Tractors, Bailer Swather's all necessary for operation.																								
Does the producer lease any equipment contributed to this farming operation from another producer?		No																						
Is any of the equipment contributed to this farming operation leased to another producer?		No																						
Is there any additional equipment contributed to the farming operation?		No																						
Part F - Labor Information (applicable for all business types)																								
Does the producer provide labor to this farming operation?		Yes																						
Is any of the labor contributed to the farming operation hired?		No																						
Is there any additional labor contributed to the farming operation?		No																						
Part G - Management Information (applicable for all business types)																								
Does the producer provide management to this farming operation?		Yes																						
Is any of the management contributed to the farming operation hired?		No																						
Is there any additional management duties/activities contributed to the farming operation?		No																						
Part J - Remarks																								
Part K - Certification (applicable for individuals and entities)																								

I certify that all the information entered on this document and any supporting documentation is true and correct. I understand furnishing incorrect information will result in forfeiture of payments and may result in the assessment of a penalty. I will timely provide written notification to the Farm Service Agency Committees of any changes in this farming operation. By signing this form, I acknowledge that:

all supporting documentation has been submitted as required

I have read and understand all definitions and requirements

all information contained on this form will be considered in effect continuously unless changes or revisions are submitted.

it is my responsibility to timely notify FSA in writing of any changes in the farming, ranching or forestry operation, or financial status that may affect these representations.

evidence such as tax records, certified public accountant's certification, or other documentation may be required to validate these representations and that I will take all necessary actions to provide such materials to FSA if requested.

Signature of Producer (by)	Title/Relationship of the Individual Signing in Representative Capacity	Date (MM-DD-YYYY)
<i>Benjamin Schmidt</i>	<i>Member</i>	<i>2-26-2020</i>

The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a - as amended). The authority for requesting the information identified on this form is 7 CFR Part 1400, the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), the Food Security Act of 1985 (Pub. L. 99-198 - as amended), the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246), the Agricultural Act of 2014 (Pub. L. 113-79) and the Agricultural Improvement Act of 2018 (Pub. L. 115-334). The information will be used to identify the farm operating plan data needed to determine eligibility for program benefits.

The information collected on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated). Providing the requested information is voluntary. However, failure to furnish the requested information will result in a determination of ineligibility for program benefits.

This information collection is exempted from the Paperwork Reduction Act as specified in as specified in 7 U.S.C 9091(c)(2)(B). The provisions of criminal and civil fraud, privacy, and other statutes may be applicable to the information provided.

Member Information for Businesses (complete for each member of the business, including indirect members through embedded entities)

Note: This part and subsequent parts are not applicable for individuals, state and local governments, public schools, churches, charities, non-profit organizations, Indian tribal ventures, and revocable trusts and limited liability companies using a social security number.

Part A - General Member Information

Member's Name	Tax ID Number and ID Type (last 4 digits)	Business Type
BENJAMIN C SCHMIDT	3707 S	Individual
Specify the joint operation or entity in which the member has a direct interest.		CROSS ROADS FARM LLC
What is the member's share in the farming operation or embedded entity, as applicable?		100 %
Family Member Relationship		

Does the member have signature authority for the business?	Yes
--	-----

Part E - Labor Information (applicable for all business types)

Does the member contribute active personal labor to this farming operation?	Yes
What is the estimated percentage of active personal labor?	100 %

Part F - Management Information

Does the member contribute active personal management to this farming operation?	Yes
What is the estimated percent of active personal management contributed to the farming operation?	100 %

Types of Management Duties Performed

All needed crop decisions - financial - any needed decisions -

Part G - Minor Information (only applicable for individuals)

Will the member be 18 years of age by June 1 of the current program year?	Yes
---	-----

Part H - Citizenship Information (only applicable for members that are individuals)

Is the member a United States citizen or an alien lawfully admitted into the United States?	Yes
---	-----

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident. Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USAs TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov. USDA is an equal opportunity provider, employer, and lender.

AD-1026
(10-30-14)U.S. DEPARTMENT OF AGRICULTURE
Farm Service Agency**HIGHLY ERODIBLE LAND CONSERVATION (HELC) AND
WETLAND CONSERVATION (WC) CERTIFICATION****Read attached AD-1026 Appendix before completing form.****PART A – BASIC INFORMATION**

1. Name of Producer <u>Cross Roads Farm LLC</u>	2. Tax Identification Number (Last 4 digits) <u>6763</u>	3. Crop Year <u>2020</u>
--	---	-----------------------------

4. Names of affiliated persons with farming interests. Enter "None," if applicable.

Benjamin Schmidt

Affiliated persons with farming interests must also file an AD-1026. See Item 7 in the Appendix for a definition of an affiliated person.

5. Check one of these boxes if the statement applies; otherwise continue to Part B.

- A. ☐ The producer in Part A does not have interest in land devoted to agriculture. Examples include bee keepers who place their hives on another person's land, producers of crops grown in greenhouses, and producers of aquaculture AND these producers do not own/lease any agricultural land themselves. **Note:** Do not check this box if the producer shares in a crop.
- B. ☐ The producer in Part A meets all three of the following:
- does not participate in any USDA program that is subject to HELC and WC compliance except Federal Crop Insurance.
 - only has interest in land devoted to agriculture which is exclusively used for perennial crops, except sugarcane, and
 - has not converted a wetland after February 7, 2014.

Perennial crops include, but are not limited to, tree fruit, tree nuts, grapes, olives, native pasture and perennial forage. A producer that produces alfalfa should contact the Natural Resources Conservation Service at the nearest USDA Service Center to determine whether such production qualifies as production of a perennial crop.

Note: If either box is checked, and the producer in Part A does not participate in Farm Service Agency (FSA) or Natural Resources Conservation Service (NRCS) programs, the full tax identification number of the producer must be provided, but establishment of detailed farm records with FSA is not required. Go to Part D and sign and date.

PART B - HELC/WC COMPLIANCE QUESTIONS

Indicate YES or NO to each question.

If you are unsure of whether a HEL determination, wetland determination, or NRCS evaluation has been completed, contact your local USDA Service Center.

	YES	NO
6. During the crop year entered in Part A or the term of a requested USDA loan, did or will the producer in Part A plant or produce an agricultural commodity (including sugarcane) on land for which an HEL determination has not been made?		☒
7. Has anyone performed (since December 23, 1985), or will anyone perform any activities to:		
A. Create new drainage systems, conduct land leveling, filling, dredging, land clearing, or excavation that has NOT been evaluated by NRCS? If "YES", indicate the year(s): _____		☒
B. Improve or modify an existing drainage system that has NOT been evaluated by NRCS? If "YES", indicate the year(s): _____		☒
C. Maintain an existing drainage system that has NOT been evaluated by NRCS? If "YES", indicate the year(s): _____ Note: Maintenance is the repair, rehabilitation, or replacement of the capacity of existing drainage systems to allow for the continued use of wetlands currently in agricultural production and the continued management of other areas as they were used before December 23, 1985. This allows a person to reconstruct or maintain the capacity of the original system or install a replacement system that is more durable or will realize lower maintenance or costs.		☒

Note: If "YES" is checked for Item 7A or 7B, then Part C must be completed to authorize NRCS to make an HELC/WC and/or certified wetland determination on the identified land. If "YES" is checked for Item 7C, NRCS does not have to conduct a certified wetland determination.

8. Check one or both boxes, if applicable; otherwise, continue to Part C or D.

- A. ☐ Check this box only if the producer in Part A has FCIC reinsured crop insurance and filing this form represents the first time the producer in Part A, including any affiliated person, has been subject to HELC and WC provisions.
- B. ☐ Check this box if either of the following applies to the producer and crop year entered in Part A:
- Is a tenant on a farm that is/will not be in compliance with HELC and WC provisions because the landlord refuses to allow compliance, but all other farms not associated with that landlord are in compliance. (AD-1026B, Tenant Exemption Request, must be completed).
 - Is a landlord of a farm that is/will not be in compliance with HELC and WC provisions because of a violation by the tenant on that farm, but all other farms not associated with that tenant are in compliance. (AD-1026C, Landlord or Landowner Exemption Request, must be completed).

PART C – ADDITIONAL INFORMATION

9. If "YES" was checked in Item 6 or 7, provide the following information for the land to which the answer applies:

- A. Farm and/or tract/field number: _____
If unknown, contact the Farm Service Agency at the nearest USDA Service Center.
- B. Activity: _____
- C. Current land use (specify crops): _____
- D. County: _____

PART D – CERTIFICATION OF COMPLIANCE

I have received and read the AD-1026 Appendix and understand and agree to the terms and conditions therein on all land in which I (or the producer in Part A if different) and any affiliated person have or will have an interest. I understand that eligibility for certain USDA program benefits is contingent upon this certification of compliance with HELC and WC provisions and I am responsible for any non-compliance. I understand and agree that this certification of compliance is considered continuous and will remain in effect unless revoked or a violation is determined. I further understand and agree that:

- all applicable payments must be refunded if a determination of ineligibility is made for a violation of HELC or WC provisions.
- NRCS may verify whether a HELC violation or WC has occurred.
- a revised Form AD-1026 must be filed if there are any operation changes or activities that may affect compliance with the HELC and WC provisions. I understand that failure to revise Form AD-1026 for such changes may result in ineligibility for certain USDA program benefits or other consequences.
- affiliated persons are also subject to compliance with HELC and WC provisions and their failure to comply or file Form AD-1026 will result in loss of eligibility for applicable benefits to any individuals or entities with whom they are considered affiliated.

Producer's Certification:

I hereby certify that the information on this form is true and correct to the best of my knowledge.

10A. Producer's Signature (By) <i>Cross Roads Farm, LLC by Benjamin Schmidt</i>	10B. Title/Relationship (If Signing in Representative Capacity) <i>Member</i>	10C. Date (MM-DD-YYYY) <i>6-8-2020</i>
FOR FSA USE ONLY (for referral to NRCS) Sign and date if NRCS determination is needed.	11A. Signature of FSA Representative	11B. Date (MM-DD-YYYY)

IMPORTANT: If you are unsure about the applicability of HELC and WC provisions to your land, contact your local USDA Service Center for details concerning the location of any highly erodible land or wetland and any restrictions applying to your land according to NRCS determinations before planting an agricultural commodity or performing any drainage or manipulation. Failure to certify and properly revise your compliance certification when applicable may: (1) affect your eligibility for USDA program benefits, including whether you qualify for reinstatement of benefits through the Good Faith process; and (2) result in other consequences.

NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a - as amended). The authority for requesting the information identified on this form is 7 CFR Part 12, the Food Security Act of 1985 (Pub. L. 99-198), and the Agricultural Act of 2014 (Pub. L. 113-79). The information will be used to certify compliance with HELC and WC provisions and to determine producer eligibility to participate in and receive benefits under programs administered by USDA agencies. The information collected on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated) and USDA/FSA-14, Applicant/Borrower. Providing the requested information is voluntary. However, failure to furnish the requested information will result in a determination of producer ineligibility to participate in and receive benefits under programs administered by USDA agencies.

This information collection is exempted from the Paperwork Reduction Act as specified in the Agricultural Act of 2014 (Pub. L. 113-79, Title II, Subtitle G, Funding and Administration). The provisions of appropriate criminal and civil fraud, privacy, and other statutes may be applicable to the information provided. **RETURN THIS COMPLETED FORM AD-1026 TO YOUR COUNTY FARM SERVICE AGENCY (FSA) OFFICE.**

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited basis will apply to all programs and/or employment activities.) Persons with disabilities, who wish to file a program complaint, write to the address below or if you require alternative means of communication for program information (e.g., Braille, large print, audiotape, etc.) please contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). Individuals who are deaf, hard of hearing, or have speech disabilities and wish to file either an EEO or program complaint, please contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (in Spanish).

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter by mail to U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. USDA is an equal opportunity provider and employer.

AD-1026
(10-30-14)U.S. DEPARTMENT OF AGRICULTURE
FarmServiceAgency**HIGHLY ERODIBLE LAND CONSERVATION (HELC) AND
WETLAND CONSERVATION (WC) CERTIFICATION**

Read attached AD-1026 Appendix before completing form.

PART A – BASIC INFORMATION

1. Name of Producer Benjamin Schmidt	2. Tax Identification Number (Last 4 digits) 3707	3. Crop Year 2024
---	--	----------------------

4. Names of affiliated persons with farming interests. Enter "None," if applicable.

Cross Roads Farm LLC

Affiliated persons with farming interests must also file an AD-1026. See Item 7 in the Appendix for a definition of an affiliated person.

5. Check one of these boxes if the statement applies; otherwise continue to Part B.

- A. ☐ The producer in Part A does not have interest in land devoted to agriculture. Examples include bee keepers who place their hives on another person's land, producers of crops grown in greenhouses, and producers of aquaculture AND these producers do not own/lease any agricultural land themselves. **Note:** Do not check this box if the producer shares in a crop.
- B. ☐ The producer in Part A meets all three of the following:
- does not participate in any USDA program that is subject to HELC and WC compliance except Federal Crop Insurance.
 - only has interest in land devoted to agriculture which is exclusively used for perennial crops, except sugarcane, and
 - has not converted a wetland after February 7, 2014.

Perennial crops include, but are not limited to, tree fruit, tree nuts, grapes, olives, native pasture and perennial forage. A producer that produces alfalfa should contact the Natural Resources Conservation Service at the nearest USDA Service Center to determine whether such production qualifies as production of a perennial crop.

Note: If either box is checked, and the producer in Part A does not participate in Farm Service Agency (FSA) or Natural Resources Conservation Service (NRCS) programs, the full tax identification number of the producer must be provided, but establishment of detailed farm records with FSA is not required. Go to Part D and sign and date.

PART B - HELC/WC COMPLIANCE QUESTIONS

Indicate YES or NO to each question.

If you are unsure of whether a HEL determination, wetland determination, or NRCS evaluation has been completed, contact your local USDA Service Center.

YES NO

6. During the crop year entered in Part A or the term of a requested USDA loan, did or will the producer in Part A plant or produce an agricultural commodity (including sugarcane) on land for which an HEL determination has not been made?		✓
7. Has anyone performed (since December 23, 1985), or will anyone perform any activities to:		✓
A. Create new drainage systems, conduct land leveling, filling, dredging, land clearing, or excavation that has NOT been evaluated by NRCS? If "YES", indicate the year(s): _____		✓
B. Improve or modify an existing drainage system that has NOT been evaluated by NRCS? If "YES", indicate the year(s): _____		✓
C. Maintain an existing drainage system that has NOT been evaluated by NRCS? If "YES", indicate the year(s): _____ Note: Maintenance is the repair, rehabilitation, or replacement of the capacity of existing drainage systems to allow for the continued use of wetlands currently in agricultural production and the continued management of other areas as they were used before December 23, 1985. This allows a person to reconstruct or maintain the capacity of the original system or install a replacement system that is more durable or will realize lower maintenance or costs.		✓
Note: If "YES" is checked for Item 7A or 7B, then Part C must be completed to authorize NRCS to make an HELC/WC and/or certified wetland determination on the identified land. If "YES" is checked for Item 7C, NRCS does not have to conduct a certified wetland determination.		

8. Check one or both boxes, if applicable; otherwise, continue to Part C or D.

- A. ☐ Check this box only if the producer in Part A has FCIC reinsured crop insurance and filing this form represents the first time the producer in Part A, including any affiliated person, has been subject to HELC and WC provisions.
- B. ☐ Check this box if either of the following applies to the producer and crop year entered in Part A:
- Is a tenant on a farm that is/will not be in compliance with HELC and WC provisions because the landlord refuses to allow compliance, but all other farms not associated with that landlord are in compliance. (AD-1026B, Tenant Exemption Request, must be completed).
 - Is a landlord of a farm that is/will not be in compliance with HELC and WC provisions because of a violation by the tenant on that farm, but all other farms not associated with that tenant are in compliance. (AD-1026C, Landlord or Landowner Exemption Request, must be completed).

PART C – ADDITIONAL INFORMATION

9. If "YES" was checked in Item 6 or 7, provide the following information for the land to which the answer applies:

- A. Farm and/or tract/field number: _____
If unknown, contact the Farm Service Agency at the nearest USDA Service Center.
- B. Activity: _____
- C. Current land use (specify crops): _____
- D. County: _____

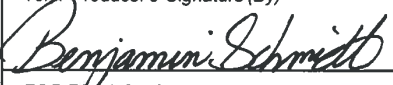

PART D – CERTIFICATION OF COMPLIANCE

I have received and read the AD-1026 Appendix and understand and agree to the terms and conditions therein on all land in which I (or the producer in Part A if different) and any affiliated person have or will have an interest. I understand that eligibility for certain USDA program benefits is contingent upon this certification of compliance with HELC and WC provisions and I am responsible for any non-compliance. I understand and agree that this certification of compliance is considered continuous and will remain in effect unless revoked or a violation is determined. I further understand and agree that:

- all applicable payments must be refunded if a determination of ineligibility is made for a violation of HELC or WC provisions.
- NRCS may verify whether a HELC violation or WC has occurred.
- a revised Form AD-1026 must be filed if there are any operation changes or activities that may affect compliance with the HELC and WC provisions. I understand that failure to revise Form AD-1026 for such changes may result in ineligibility for certain USDA program benefits or other consequences.
- affiliated persons are also subject to compliance with HELC and WC provisions and their failure to comply or file Form AD-1026 will result in loss of eligibility for applicable benefits to any individuals or entities with whom they are considered affiliated.

Producer's Certification:

I hereby certify that the information on this form is true and correct to the best of my knowledge.

10A. Producer's Signature (By) 	10B. Title/Relationship (If Signing in Representative Capacity)	10C. Date (MM-DD-YYYY) <i>1-8-2024</i>

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter by mail to U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. USDA is an equal opportunity provider and employer.

CCC-941 (10-23-24)	U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation	1. Return completed form to: Saguache County Farm Service Agency 48 West County Road 10 N Center, CO 81125 FAX Number: (844) 894-6783 <i>(Name, address and fax number of FSA county office or USDA Service Center)</i>
AVERAGE ADJUSTED GROSS INCOME (AGI) CERTIFICATION AND CONSENT TO DISCLOSURE OF TAX INFORMATION		
INSTRUCTIONS: Please return completed form to FSA at the above address.		
2. Name and Address of Individual or Legal Entity (Including Zip Code) Cross Roads Farm LLC 11500 County Rd 2W Center, CO 81125 (Use the same name and address as used for the tax return specified in Part B)	3. Taxpayer Identification Number (TIN) (Social Security Number for Individual; or Employer Identification Number for Legal Entity) 84-37-66763	
PART A – CERTIFICATION OF AVERAGE ADJUSTED GROSS INCOME		
4. The program year for payment eligibility		
A. <u>2025</u> Enter the year for which program benefits are requested. The period for calculation of the average AGI will be of the three taxable years preceding the most immediately preceding complete taxable year for which benefits are requested. For example, the 3-year period for the calculation of the average AGI for 2019 would be the taxable years of 2017, 2016 and 2015.		
5. I certify that the average adjusted gross income of the individual or legal entity in Item 2 (for the year included in Item 4) was		
A. ☒ Less than (or equal to) \$900,000 B. ☐ More than \$900,000		
PART B – CONSENT TO DISCLOSURE OF TAX INFORMATION		
Pursuant to 26 U.S.C. §6103, I hereby authorize the Internal Revenue Service (IRS) to review the following items of "return information" (as defined in 26 U.S.C. §6103(b)(2)) from the returns (as specified below) of the individual or legal entity identified in Item 2 for the taxable years indicated in Item 4:		
Form 1040 and 1040NR filers: farm income or loss; adjusted gross income Form 1041 filers: farm income or loss, charitable contributions, income distribution deductions, exemptions, adjusted total income; total income Form 1065 filers: guaranteed payments to partners, ordinary business income		
Form 1120, 1120A, 1120C filers: charitable contributions, taxable income Form 1120S filers: ordinary business income Form 990T: unrelated business taxable income		
I understand the IRS will review these items of return information in order to perform calculations, the results of which I authorize to be disclosed to officers and employees of the United States Department of Agriculture (USDA) for use in determining the individual's or legal entity's eligibility for specified payments for various commodity and conservation programs. The calculations performed by the IRS use a methodology prescribed by the USDA. In addition, I am aware that the USDA may use the information received for compliance purposes related to this eligibility determination, including referrals to the Department of Justice.		
Specifically, the IRS will disclose to the USDA the individual's or legal entity's name and TIN, and inform the USDA if, pursuant to its calculations, the average Adjusted Gross Income (AGI) is above or below eligibility requirements as prescribed by the Agricultural Act of 2014 or Agriculture Improvement Act of 2018. The IRS will also disclose to the USDA the type of return from which the information used for the calculations was obtained.		
If the IRS is unable to locate a return that matches the taxpayer identity information provided above, or if IRS records indicate that the specified return has not been filed for any of the taxable years indicated, the IRS may disclose that it was unable to locate a return, or that a return was not filed for those years whichever is applicable.		
I understand the Internal Revenue Code §6103(c), limits disclosure and use of return information provided pursuant to a taxpayer's consent and holds the recipient subject to penalties brought by private right of action for any unauthorized access, other use, or redisclosure without the taxpayer's express permission or request.		
An approved Power of Attorney (Form FSA-211) on file with USDA cannot be used as evidence of signature authority when completing this form.		
By signing this form:		
- I acknowledge that I have read and reviewed all definitions and requirements on Page 2 of this form; - I certify that all information contained within this certification is true and correct; and is consistent with the tax returns filed with the IRS; - I agree to authorize CCC to obtain tax data from the IRS for AGI compliance verification purposes by filing this form; - I am aware that without this consent to disclosure, the returns and return information of the individual or legal entity identified in Item 2 are confidential and are protected by law under the Internal Revenue Code; - I certify that I am authorized under applicable state law to execute this consent on behalf of the legal entity identified in Item 2 (for legal entity only).

Executive Session

Emergency Forest Restoration Program (EFRP)

FY25 EFRP Cost Share Rates

Establish Cover Crop Rate

State Committee Discussion Record

Program: Emergency Forest Restoration Program

Date: 04/23/2026

Staff Member Presenting:

Hunter A. Cleveland

Matter for Consideration:

Establishment of additional Cost Share Rates for the Emergency Forest Restoration Program (EFRP) for FY25.

State Committee Recommendation:

It is recommended that the Colorado STC accept the proposed FY25 CRP Cost Share rate for the components listed below unless determined otherwise.

Background:

In accordance with handbook 1-EFRP (Rev. 1) paragraph 66A, the Colorado STC is tasked with annually establishing the C/S rates for the EFRP that will be applicable for each fiscal year.

The FY 25 EFRP Cost Share Rates were established by the previously Colorado STC. However, Colorado State Forest Service has determined that the following, additional cost share rates are needed for FY 2025:

Component Code	Description	Measurement	Rate
COEFRP44	Cover Crop, Temporary	Acre	\$43.00*
COEFRP45	Cover Crop, Termination	Acre	\$31.00*

***Rate was determined using the data collected for the FY26 EFRP cost share rate establishment**

Plains Coreopsis	0.03	\$ 28.00	\$ 0.84
Purple Prairie Clover	0.05	\$ 50.00	\$ 2.50
Showy Milkweed	0.09	\$ 90.00	\$ 8.10
Small Burnet	0.53	\$ 3.00	\$ 1.59
White Yarrow	0.02	\$ 52.00	\$ 1.04
Prairie Coneflower	0.06	\$ 32.00	\$ 1.92
Rocky Mountain Penstemon	0.03	\$ 9.00	\$ 0.27
Total Cost Per Acre			\$ 102.94
Average:			\$ 108.21
FY2026 State Committee Recommended Rate:			\$ 108.00

Component Code:	COCRPSSEED00	Seed - Cover Crop

Species, Variety	Acre Rate	Cost Per Pound	Cost Per Acre
Cover Crop Mix	20.00	\$ 1.20	\$ 24.00
Cost Per Acre			\$ 24.00

FY2026 State Committee Recommended Rate:	\$ 24.00
---	----------

Seeding:

Component Code:	26COCR200	Seeding: Drill
Component Code:	26COCR201	Seeding: Pollinator
Component Code:	26COCR202	Seeding: Cover Crop
CSU provides a range of prices for the Eastern and Western Regions of Colorado. Each region was averaged using the high and the low. All costs were averaged together with county producer invoices and will be used for FSA seeding components.		

CSU Rates

Practice	Eastern Median	Western Median	Average
Plant - Drill	\$ 17.00	\$ 23.00	\$ 20.00
Plant - Drill (Small Seeded Legumes)	\$ 15.50	\$ 22.50	\$ 19.00
Plant - Row (30-inch Spacing)	\$ 22.00	\$ 20.00	\$ 21.00
Plant - Air Seeder	\$ 19.00	\$ 20.00	\$ 19.50
Plant - Strip Till (Single Operation)	\$ 25.00	\$ 35.00	\$ 30.00
Plant - No Till	\$ 20.00	\$ 30.00	\$ 25.00
Average Cost Per Acre:			\$ 22.42

County Invoices:

The following bills were collected from counties throughout the state to use as reference as actual cost		
County:	CRP Practice:	Cost:
Montezuma County	Drilling	\$ 20.00
Phillips County	Drilling	\$ 25.00
Phillips County	Drilling	\$ 22.00
Average Cost Per Acre		\$ 22.33

Average of Invoices: 22.33	Average of CSU Rates: 22.42	Total Average: 22.38
-----------------------------------	------------------------------------	-----------------------------

FY2026 State Committee Recommended Rate	\$22.50
--	----------------

Practice Code Name: 340 - Cover Crop

Scenario Number: 83

Scenario Name: Mechanical Termination

Scenario Description: A mechanically terminated cover crop that is typically one or more plant species, planted immediately after harvest of a crop and will be followed by a new crop. Implementation is mechanized and hand labor.

Before Situation: Residue amounts after harvest average 30% or less or are fragile residues resulting in bare soil exposed to wind erosion and/or intense rainfall during the fall, winter, and early spring. Soil has depleted organic matter or does not store soil carbon from the biomass of a typical crop rotation.

After Situation: Implementation requirements according to Cover Crop (340) are prepared and implemented. The cover crop was planted, provides soil cover at the critical period, and is mechanically terminated as late as feasible to maximize cover crop biomass production and meet the planting date needs of the next crop.

Associated Practices: Additional practices may be required to ensure effective implementation. The costs associated with these practices are not included in the current practice scenario.

Resource Concerns: The conservation practice standard provides implementation specifications to achieve the desired conservation objective(s) by addressing identified natural resource concern(s).

Feature Measure: Planted Area

Scenario Unit: 1,000 Square Feet

Scenario Typical Size: 10.00

Cost Summary:

Cost Category	Total Cost	Scenario Cost/Unit
Materials	\$69.74	\$6.97
Equipment Installation	\$15.09	\$1.51
Labor	\$221.21	\$22.12
Mobilization	\$0.00	\$0.00
Acquisition of Technical Knowledge	\$0.00	\$0.00
Foregone Income	\$0.00	\$0.00
Risk	\$0.00	\$0.00
Total	\$306.04	\$30.60
