

Colorado State Committee Meeting – February 10, 2026

Executive Session Minutes

Meeting Place: Colorado State Office
Denver Federal Center
Lakewood, CO 80225
and
Via TEAMS

Members Present: Don Brown, Chairperson
Darrell Mackey, Member
Kyle McConnell, Member
Steve Raftopoulos, Member
Joe Petrocco, Member (Via Teams)

Staff Present: Jerry Sonnenberg, State Executive Director
Jon Weishaar, Deputy State Executive Director
Cindy Vukasin, Farm Program Chief
Corey Pelton, Farm Program Chief
Janae Rader, Farm Program Specialist
Doug Andresen, Farm Program Specialist
Hunter Cleveland, Farm Program Specialist
Julie Sporhase, Farm Program Specialist
Woody Woods, District Director
Scott Brase, District Director
Sam Montoya, District Director

Guests: None

1. Call to Order

The Colorado State Committee (STC) met on February 10, 2026, in person at the Colorado State office in Denver. Don Brown, State Committee Chairperson opened the Executive Session at 12:00 p.m.

2. Emergency Conservation Reserve Program (ECP)

A 321 Equitable Relief – Misaction/Misinformation – Montezuma – Valley View Ranch LLC

Hunter Cleveland, Farm Program Specialist, presented the STC with the case file (Exhibit 1) to review and make a determination on the Montezuma COC request to approve Equitable Relief under Misaction/Misinformation for Valley View Ranch LLC's 2021 ECP Cost Share Request in the amount of \$3,850.

Discussion/Facts:

- Valley View Ranch LLC submitted an ECP application on May 19, 2025, requesting 1400 feet of Permanent Fencing, Restoration
- Incorrect Expiration Date. The original approval established a practice expiration date of 12 months from the FSA-848A approval date, rather than the required 6 months as required by 1-ECP (Rev. 6) Paragraph 136A.
- Improper Extension Approvals. Two extensions were approved by the County Committee (COC) without review, approval, or concurrence from the District Director (DD), State Committee (STC), or ECP Program Manager (ECP-PM), as required by 1-ECP (Rev. 6) Paragraph 136B.
- Exceeded Completion Window. The total timeframe for completing the practice exceeded the 18- month limit outlined in 1-ECP (Rev. 6) Paragraph 136B.

After reviewing the applicable policies and supporting documentation (Exhibit 1), the STC determined that the case meets the criteria for Equitable Relief under Misaction/misinformation and is within the STC authority. Steve Raftopoulos moved to approve equitable relief under Misaction/misinformation on Valley View Ranch LLC's 2021 ECP Cost Share Request in the amount of \$3,850. Darrell Mackey seconded the motion. Motion passed.

B Cost Share Review

Hunter Cleveland, Farm Program Specialist, presented the STC with the case file (Exhibit 2) to review and make a determination on proposed alternative cost share rate for EC3-Multi Strand Barbed or Smooth Wire – Difficult Terrain, Multi-Strand Replace and determine if this price is reflective of the actual cost of fence replacement in the area.

In accordance with policy listed in 1-ECP (Rev.8) paragraph 179B, the state committee will conduct a review of cost share rate EC3-Multi Strand Barbed or Smooth Wire—Difficult Terrain and determine reasonability of this rate. If the state committee feels that this rate is not reasonable, the state committee shall determine an alternative rate to propose to ECP-PM for consideration.

After reviewing the applicable policies and supporting documentation (Exhibit 2), the Colorado STC determined that the Cost Share Rate of \$4.04 set for ECP Cost Share Practice EC3-Barbed or Smooth Wire for Difficult Terrain, Multi-Strand Replace was not an accurate reflection of actual cost for the State of Colorado.

Steve Raftopoulos moved to request a Cost Share Review from the ECP-Program Manager as outlined in ECP-1 (Rev. 8) paragraph 179B and allow the STC to suggest a increased \$/foot cost share rate to DAFP for ECP practice EC3-Barbed or Smooth Wire for Difficult Terrain, Multi-Strand Replace. Kyle McConnell seconded the motion. Motion passed.

3. Noninsured Crop Disaster Assistance Program (NAP)

A 2026 – Crop Table Review

1) Millet

Janae Rader, Farm Program Specialist, presented the STC with the following information in Exhibit 3 to review and make a determination on County Expected Yield (CEY) and Average Market Price (AMP) on Millet as recommended in the table below.

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

After reviewing the applicable policies and supporting documentation (Exhibit 5), Joe Petrocco moved to approve the proposed County Expected Yield (CEY) and Average Market Price (AMP) on Peppers as presented and shown in the table above for the 2026 NCT. Kyle McConnell seconded the motion. Motion passed.

4) Pumpkins

Janae Rader, Farm Program Specialist, presented the STC with the following information in Exhibit 6 to review and make a determination on County Expected Yield (CEY) and Average Market Price (AMP) on Pumpkins as recommended in the table below.

2026 STO recommended yield and price

County	Crop	IU	Ir/ Ni	UOM	CEY	Price	Certified Organic Yield	Transitional Yield	Organic Market Price

Weld	SUG	FH	I	CWT	265.92	17.51			

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

After reviewing the applicable policies and supporting documentation (Exhibit 7), the STC requested additional information pertaining to the data provided for watermelons with the intended use of seed (SD).

Steve Raftopoulos moved to table the County Expected Yield (CEY) and Average Market Price (AMP) on watermelons until the next meeting when the requested additional information is presented. Kyle McConnell seconded the motion. Motion passed.

4. Supplemental Disaster Relief Program (SDRP)

A 2024 Ad Hoc NCT Pueblo Honey Tb

Janae Rader, Farm Program Specialist, presented the STC with the following information in Exhibit 8 to review and make a determination on historical yields, historical prices, County Expected Yield (CEY), Average Market Price (AMP) on Honey Tb for program year 2024 as recommended in the record summary page below and to be used for SDRP purposes only.

1-SDRP Draft Par 104 NCT Crop Data states that AdHoc Approval flags may be set and the following NCT data established for any NAP crop not previously approved in the NCT:

- unharvested payment factor
- prevented planted factors
- county expected yields (including historical yields) as applicable
- average market price (including historical yields)
- county disaster yield.

The requirement to establish a new crop record on the NCT 120 days before the NAP application closing date is waived for SDRP purposes.

The CEY should reflect the average production potential for a crop by county, by practice and intended use. STC should ensure that the yield information is comparable with previously approved yields and justify any deviations.

The AMP must reflect the in-field harvest price, and cannot include the costs associated with transportation, packaging, etc. STC should ensure that established average market prices are comparable with established FCIC prices in the State or surrounding States and that the established average market prices are using consistent data sources and/or are comparable

with previously approved average market prices in the State or in surrounding States. The process used for establishing the AMP is also applicable when establishing direct and organic market prices.

2024 STO recommended yield for Pueblo Honey Tb – for SDRP

Program Year 2024 - View Record - Summary Page

State	Crop	Crop Type	Intended Use	Practice	Planting Period	Graduated Price	Crushing District
CO (08)	HONEY (1190)		TB	Other	01

Yield Override	CEY	CEY Source			Price Override	Average Market Price	Average Market Price Source
No	39	Calculated			No	2.0967	Calculated

Intended Use Key: CB=cannabidiol, DE= dry edible, FB=fiber, FG=forage, FH=fresh, GR=grain, NT=non-table, OL=oil, PR=processed, SD=seed, SG=silage, SO=sod, TB=table

After reviewing the applicable policies and supporting documentation (Exhibit 8), Kyle McConnell moved to approve the proposed historical yields, historical prices, County Expected Yield (CEY) and Average Market Price (AMP) on Honey TB as presented in record summary page image above for 2024 and for SDRP purposes only. Steve Raftopoulos seconded the motion. Motion passed.

5. Emergency Commodity Assistance Program (ECAP)

A 321 Equitable Relief – Misaction/Misinformation or Programmatic Relief – Bent – Loyal and Ilene Stephens Revocable Trust

Julie Sporhase, Farm Program Specialist, presented the STC with the case file (Exhibit 9) to review and make a determination on the Bent COC request to approve Equitable Relief under Misaction/Misinformation for Loyal and Ilene Stephens Revocable Trust's 2024 ECAP application in the amount of \$3,803.74.

Discussion/Facts:

- Producer submitted a 2024 ECAP application according to 1-ECAP policy and believed all required documentation was filed timely prior to the August 15, 2025, deadline.
- Corrections required by Notice ECAP-2 were not completed timely by the county office and a new producer signature was not obtained by the COF by the August 15, 2025, deadline.
- Equitable Relief – Misaction/Misinformation standards have been met
 1. Participant demonstrated a good faith effort and complied with program deadlines for both the application and payment eligibility provisions
 2. Participant relied on information provided by the COF that a valid ECAP application was timely filed, participant did not have reason to question the validity of that information
 3. CED discovered the COF failed to update and obtain signature on the ECAP application as instructed after the program deadline
 4. After reviewing the updated application, it was noted the producer would be eligible for additional payment due to the updates made according to Notice ECAP-2
 5. participant meets all applicant eligibility including foreign person regulations, maintaining risk and control of an eligible commodity and acreage reporting provisions

\$3,803.74 is within the STC authority of \$5000.00, STC can make a decision on the Equitable Relief under Misaction/Misinformation request.

After reviewing the applicable policies and supporting documentation (Exhibit 9), the STC determined that the case meets the criteria for Equitable Relief under Misaction/misinformation and is within the STC authority. Steve Raftopoulos moved to approve equitable relief under Misaction/misinformation on Loyal and Ilene Stephens 2024 ECAP application in the amount of \$3,803.74. Kyle McConnell seconded the motion. Motion passed.

6. Adjournment

There being no further business, the Executive Session was adjourned at 2:45 p.m. The next meeting is scheduled for March 24, 2026 in person at the Colorado State office in Denver.

Approved:
