1. Mesa & Weld CED Best Qualified Candidates

Email Motion sent by Jerry Sonnenberg, SED

STC Decision: Action Requested

What I'm looking for is an affirmative email from a quorum of STC members to "Certify all eligible best qualified candidates for both the Weld County and Mesa County CED vacancies." If you take this action, both COCs can start scheduling interviews immediately. I'm confident with the best qualified candidate lists from the review panels.

MESA BEST QUALIFIED
Cooper, Dianna
Hyslop, Sam
Varien, Greta Catherine
Walck, Adrian

WELD BEST QUALIFIED
Bell, Dylan K
Burke, Ashley
Camacho, Juan Carlos

Background

CED hiring is a special process for FSA and has extra steps. Essentially, all the candidates who applied for the CED position are reviewed by a team that I put together that consists of a DD, CED, and FLM. That team reviews all relevant materials and designates the "best qualified candidates" for each position. I then send that list to STC. STC can either (1) certify that list as-is or (2) interview the list of best qualified candidates and *reduce* the number of best qualified candidates.

COC will then interview all of the candidates on the “best qualified” list you send forward. STC is not allowed to add names to the list of best qualified candidates and STC can only remove names if you choose to conduct interviews. The handbook also tells us that STC is to review all of the relevant materials that the DD, CED, and FLM panel looked at. I’ve included those materials [here](#) if you’d like to look over those items. Please do not feel obligated to read through each application packet.
